**PREFACE TO THE
2017 LAWS OF DUPLICATE BRIDGE**

In contrast to other Mindsports like Chess and Go, Bridge is a comparatively new game and as such is continually evolving. The first Laws of Duplicate Bridge were published in 1928 and there have been successive revisions in 1933, 1935, 1943, 1949, 1963, 1975, 1987, 1997, and 2007. Through the 1930's the Laws were promulgated by the Portland Club of London and the Whist Club of New York. From the 1940's onwards the American Contract Bridge League Laws Commission replaced the Whist Club, while the British Bridge League and the European Bridge League supplemented the Portland Club's work.

Now responsibility for regular revisions has been adopted by the World Bridge Federation whose Laws Committee is charged with the task of reviewing the Laws at least once every decade. It is fair to state that this latest review is the most extensive to date. Many, many submissions were received from individuals, Tournament Directors, NBO's and Zones and all were considered at length by the Committee. After meeting at a number of Championships and after exchanging some thousands of emails consensus was eventually achieved. The thanks of the whole Bridge world are surely owed to the hard-working Committee members whose names appear below. In particular Ton Kooijman called on his vast experience to act as Chairman and guide the task to a successful conclusion. But no praise is too high for the Secretary, Laurie Kelso, who did all the collating and clerical work, most of the drafting, and devoted countless hours of his time. Without him the job would never have been finished.

The trends begun in the 2007 Revision have been continued - the increased discretion given to Tournament Directors, the attempts to rectify a situation rather than to penalise, and maintaining the position of Regulating Authorities. It is not expected that the Code herein will last indefinitely (indeed right up to the time of publication there were still ongoing discussions on certain laws) but the framework is there, tried and tested, for future editions.

The Committee acknowledges with gratitude the substantial help it has received from many individuals. It was all greatly appreciated.

INDEX TO THE 2017 LAWS.....	67

INTRODUCTION TO THE 2017 LAWS OF DUPLICATE BRIDGE

Duplicate Bridge is continually evolving and changing which is why the World Bridge Federation has charged its Laws Committee with the task of “at least once each decade making a comprehensive study and updating of the entire laws structure.”

This latest review, begun some five years ago, is the most comprehensive to date. Suggestions and comments were sought from interested individuals and National Bridge Organisations and Zones.

After these were all collated they were considered by the Committee in depth with the relevant law, which then was either amended or left alone. The discussions occurred at a number of WBF Championships and some thousands of emails were exchanged over a five year period.

The purpose of the Laws remains unchanged. They are designed to define correct procedure and to provide an adequate remedy for when something goes wrong. They are designed not to punish irregularities but rather to rectify situations where non-offenders may otherwise be damaged. Players should be ready to accept graciously any rectification, penalty, or ruling.

The trend, begun in 2007, to give Tournament Directors more discretion in enforcing the Law has been continued and attempts have been made to clarify interpretations. The Committee intends to prepare a separate official Commentary containing examples to help in this respect.

Established usage has been retained in regard to “may” do (failure to do it is not wrong), “does” (establishes procedure without suggesting that violation be penalised) “should” do (failure to do it is an infraction jeopardising the infractor’s rights but not often penalised), “shall” do (a violation will incur a penalty more often than not) “must” do (the strongest word, a serious matter indeed). Again “must not” is the strongest prohibition, “shall not” is strong but “may not” is stronger – just short of “must not”.

For the avoidance of doubt, this Introduction and the Definitions that follow form part of the Laws.

Finally, unless the context clearly dictates otherwise, the singular includes the plural.

This edition of the laws is gender neutral.

The Regulating Authority may require the face of each card to be symmetrical.

C. The Backs of the Cards

The backs of all 52 cards in a deck should be identical. They may incorporate words, a logo or a pictorial design but the image used should possess a centre of symmetry.

LAW 2 - THE DUPLICATE BOARDS

A duplicate board containing a pack is provided for each deal to be played during a session. Each board is numbered and has four pockets to hold the four hands, designated North, East, South and West. The dealer and vulnerability are designated as follows:

North Dealer	Boards 1 5 9 13
East Dealer	Boards 2 6 10 14
South Dealer	Boards 3 7 11 15
West Dealer	Boards 4 8 12 16
Neither Side Vulnerable	Boards 1 8 11 14
North-South Vulnerable	Boards 2 5 12 15
East-West Vulnerable	Boards 3 6 9 16
Both Sides Vulnerable	Boards 4 7 10 13

The same sequence is repeated for Boards 17-32 and for each subsequent group of 16 boards.

No board that fails to conform to these conditions should be used. If such board is used, however, the conditions marked on it apply for that session.

LAW 3 - ARRANGEMENT OF TABLES

Four players play at each table. Tables are numbered in a sequence established by the Director, who designates one direction as North; other compass directions assume the normal relationship to North.

LAW 4 - PARTNERSHIPS

The four players at each table constitute two partnerships or sides, North-South against East-West. In pair or team events the contestants enter as pairs or teams respectively and retain the same partnerships throughout a session (except as authorized by the Director). In individual events each player enters separately, and partnerships change during a session.

LAW 5 - ASSIGNMENT OF SEATS

A. Initial Position

The Director assigns an initial position to each contestant (individual, pair or team) at the start of a session. Unless otherwise directed, the members of each pair or team may select seats among those assigned to them by mutual agreement. Having once selected a compass direction, a player may change it within a session only upon instruction or with permission of the Director.

B. Change of Direction or Table

Players change their initial compass direction or proceed to another table in accordance with the Director's instructions. The Director is responsible for clear announcement of instructions; each player is responsible for moving when and as directed and for occupying the correct seat after each change.

LAW 6 - THE SHUFFLE AND DEAL

A. The Shuffle

Before play starts, each pack is thoroughly shuffled. There is a cut if either opponent so requests.

B. The Deal

The cards must be dealt face down, one card at a time, into four hands of thirteen cards each; each hand is then placed face down in one of the four pockets of the board. No two adjacent cards from the deck shall be dealt into the same hand. The recommended procedure is that the cards be dealt in rotation, clockwise.

C. Representation of Both Pairs

A member of each side should be present during the shuffle and deal unless the Director instructs otherwise.

D. New Shuffle and Re-deal

1. If it is ascertained before the auction first begins on a board that the cards have been incorrectly dealt or that during the shuffle and deal a player could have seen the face of a card belonging to another player there shall be a new shuffle and deal. Thereafter Law 16D applies to the accidental sighting of a card belonging to another player's hand before completion of the play of the board (but see Law 24).
2. Unless the purpose of the tournament is the replay of past deals no result may stand if the cards are dealt without shuffle from a sorted deck¹ or if the deal has been imported from a different session. (These provisions shall not prevent arrangements, where desired, for exchange of boards between tables.)
3. The Director may require a new shuffle and a redeal for any reason compatible with the Laws (but see Law 22B and Law 86A).

E. Director's Option on Shuffling and Dealing

1. The Director may instruct that the shuffle and deal be performed at each table immediately before play starts.
2. The Director may perform the shuffle and deal in advance.
3. The Director may have an assistant or other appointed agents perform the shuffle and deal in advance.
4. The Director may require a different method of dealing or pre-dealing to produce the same wholly random expectations as from A and B above.

F. Duplication of Board

If required by the conditions of play, one or more exact copies of each original deal may be made under the Director's instructions after which there shall normally be no redeal of a board (although the Director has powers to order it).

LAW 7 - CONTROL OF BOARD AND CARDS

¹ A 'sorted deck' is a pack of cards not randomized from its prior condition.

A. Placement of Board

When a board is to be played it is placed in the centre of the table where it shall remain, correctly oriented, until play is completed.

B. Removal of Cards from Board

1. Each player takes a hand from the pocket with the corresponding compass position.
2. Each player counts their cards face down to be sure there are exactly thirteen; after that, and before making a call, must inspect the faces of the cards.
3. During play each player retains possession of their own cards, not permitting them to be mixed with those of any other player. No player shall touch any other cards (but declarer may play dummy's cards in accordance with Law 45) during or after play except by permission of an opponent or the Director.

C. Returning Cards to Board

After play has finished, each player should shuffle the original thirteen cards, and restore them to the corresponding compass position pocket. Thereafter no hand shall be removed from the board unless a member of each side, or the Director, is present.

D. Responsibility for Procedures

Any contestant remaining at a table throughout a session is primarily responsible for maintaining proper conditions of play at the table.

LAW 8 - SEQUENCE OF ROUNDS

A. Movement of Boards and Players

1. The Director instructs the players as to the proper movement of boards and progression of contestants.
2. Unless the Director instructs otherwise, the North player at each table is responsible for moving the boards just completed at the table to the proper table for the following round.

B. End of Round

1. In general, a round ends when the Director gives the signal for the start of the following round; but if any table has not completed play by that time, the round continues for that table until there has been a progression of players.
2. When the Director exercises the authority to postpone play of a board, for that board the round does not end for the players concerned until the board has been played and the score agreed and recorded or the Director has cancelled the play of the board.

C. End of Last Round and End of Session

The last round of a session, and the session itself, ends for each table when play of all boards scheduled at that table has been completed, and when all scores have been entered without objection.

LAW 9 - PROCEDURE FOLLOWING AN IRREGULARITY

A. Drawing Attention to an Irregularity

1. Unless prohibited by Law, any player may draw attention to an irregularity during the auction period, whether or not it is their turn to call.
2. Unless prohibited by Law, declarer or either defender may draw attention to an irregularity that occurs during the play period. For an incorrectly pointed card see Law 65B3.

3. Any player, including dummy, may attempt to prevent an irregularity (but for dummy subject to Laws 42 and 43).
4. Dummy may not call attention to an irregularity until play of the hand is concluded (but see Law 20F5 for correction of declarer's apparently mistaken explanation).
5. There is no obligation to draw attention to an infraction of law committed by one's own side (but see Law 20F5 for correction of partner's apparently mistaken explanation).

B. After Attention Is Drawn to an Irregularity

1. (a) The Director should be summoned at once when attention is drawn to an irregularity.
 - (b) Any player, including dummy, may summon the Director after attention has been drawn to an irregularity.
 - (c) Summoning the Director does not cause the forfeiture of any rights to which a player might otherwise be entitled.
 - (d) The fact of drawing attention to an irregularity committed by a player's side does not affect the rights of the opponents.
2. No player shall take any action until the Director has explained all matters in regard to rectification.

C. Premature Correction of an Irregularity

Any premature correction of an irregularity by the offender may become the subject of further rectification (see the lead restrictions in Law 26B).

LAW 10 - ASSESSMENT OF RECTIFICATION

A. Right to Determine Rectification

The Director alone has the right to determine rectifications when applicable. Players do not have the right to determine (or waive – see Law 81C5) rectifications on their own initiative.

B. Cancellation of Enforcement or Waiver of Rectification

The Director may allow or cancel any enforcement or waiver of a rectification made by the players without instruction.

C. Choice after Irregularity

1. When these Laws provide an option after an irregularity, the Director shall explain all the options available.
2. A player who has an option after an irregularity, must make the selection without consulting partner.
3. When these Laws provide the innocent side with an option after an irregularity committed by an opponent, it is appropriate to select the most advantageous action.
4. Subject to Law 16C2, after rectification of an infraction it is appropriate for the offenders to make any call or play advantageous to their side, even though they thereby appear to profit through their own infraction (but see Laws 27 and 72C).

LAW 11 - FORFEITURE OF THE RIGHT TO RECTIFICATION

A. Action by Non-Offending Side

The right to rectification of an irregularity may be forfeited if either member of the non-offending side takes any action before summoning the Director. If a side has gained through subsequent action taken by an opponent in ignorance of the relevant provisions of the law, the Director

adjusts only that side's score by taking away any accrued advantage. The other side retains the score achieved at the table.

B. Penalty after Forfeiture of the Right to Rectification

Even after the right to rectification has been forfeited under this Law, the Director may assess a procedural penalty (see Law 90).

LAW 12 - DIRECTOR'S DISCRETIONARY POWERS

A. Power to Award an Adjusted Score

On the application of a player within the period established under Law 92B, or by the Director's initiative, an adjusted score may be awarded when these Laws empower it (in team play see Law 86B). This includes:

1. The Director may award an adjusted score in favour of a non-offending contestant when these Laws do not prescribe a rectification for the particular type of violation committed in the Director's judgement.
2. The Director awards an artificial adjusted score if no rectification can be made that will permit normal play of the board (see C2 below).
3. The Director may award an adjusted score if there has been an incorrect rectification of an irregularity.

B. Objectives of Score Adjustment

1. The objective of score adjustment is to redress damage to a non-offending side and to take away any advantage gained by an offending side through its infraction. Damage exists when, because of an infraction, an innocent side obtains a table result less favourable than would have been the expectation had the infraction not occurred.
2. The Director may not award an adjusted score on the grounds that the rectification provided in these Laws is either unduly severe or advantageous to either side.

C. Awarding an Adjusted Score

1. (a) When after an irregularity the Director is empowered by these laws to adjust a score and is able to award an assigned adjusted score, this should be done. Such a score replaces the score obtained in play.
(b) The Director in awarding an assigned adjusted score should seek to recover as nearly as possible the probable outcome of the board had the infraction not occurred.
(c) An assigned adjusted score may be weighted to reflect the probabilities of a number of potential results, but only outcomes that could have been achieved in a legal manner may be included.
(d) If the possibilities are numerous or not obvious, the Director may award an artificial adjusted score (see C2 below).
(e) If, subsequent to the irregularity, the non-offending side has contributed to its own damage by an extremely serious error (unrelated to the infraction) or by a gambling action, which if unsuccessful it might have hoped to recover through rectification, then:
 - (i) The offending side is awarded the score it would have been allotted as the consequence of rectifying its infraction.
 - (ii) The non-offending side does not receive relief for such part of its damage as is self-inflicted.

2. (a) When owing to an irregularity no result can be obtained [see also C1(d)] the Director awards an artificial adjusted score according to responsibility for the irregularity: average minus (at most 40% of the available matchpoints in pairs) to a contestant directly at fault, average (50% in pairs) to a contestant only partly at fault, and average plus (at least 60% in pairs) to a contestant in no way at fault.
- (b) When the Director chooses to award an artificial adjusted score of average plus or average minus at IMP play, that score is plus 3 IMPs or minus 3 IMPs respectively. Subject to approval by the Regulating Authority, this may be varied by the Tournament Organizer as provided for by Laws 78D, 86B3 and (d) hereunder.
- (c) The foregoing is modified for a non-offending contestant that obtains a session score exceeding 60% of the available matchpoints or for an offending contestant that obtains a session score that is less than 40% of the available matchpoints (or the equivalent in IMPs). Such contestants are awarded the percentage obtained (or the equivalent in IMPs) on the other boards of that session.
- (d) The Regulating Authority may provide for circumstances where a contestant fails to obtain a result on multiple boards during the same session. The scores assigned for each subsequent board may be varied by regulation from those prescribed in (a) and (b) above.
3. In individual events the Director enforces the rectifications in these Laws, and the provisions requiring the award of adjusted scores, equally against both members of the offending side even though only one of them may be responsible for the irregularity. But the Director shall not award a procedural penalty against the offender's partner if of the opinion that offender's partner is in no way to blame.
4. When the Director awards non-balancing adjusted scores in knockout play, each contestant's score on the board is calculated separately and the average of them is assigned to each.

LAW 13 - INCORRECT NUMBER OF CARDS²

A. No Call Made

If no player with an incorrect number of cards has made a call, then:

1. The Director shall correct the discrepancy and, if no player has seen another's card, shall require that the board be played normally.
2. When the Director determines that one or more pockets of the board contained an incorrect number of cards and a player has seen one or more cards of another player's hand, the Director allows the board to be played and scored. If the Director then considers the extraneous information has affected the outcome of the board, an adjusted the score shall be awarded [see Law 12C1(b)] and an offender may be penalized.

B. Discovered during the Auction or Play

When the Director determines that a player's hand originally contained more than 13 cards with another player holding fewer, and a player with an incorrect hand has made a call:

1. If the Director judges that the deal can be corrected and played, then the deal may be so played with no change of call. At the end of play the Director may award an adjusted score.

² This Law applies when one or more hands are found to contain more than 13 cards. See Law 14 for cases involving a deficient deck

2. Otherwise when a call has been made with an incorrect number of cards, the Director shall award an adjusted score [see Law 12C1(b)] and may penalize an offender.

C. Surplus Card

Any surplus card not part of the deal is removed if found. The auction and play continue without further rectification. No adjusted score may be awarded unless such a card is found to have been played to a quitted trick.

D. Play Completed

When it is determined after play ends that a player's hand originally contained more than 13 cards with another player holding fewer, the result must be cancelled and an adjusted score awarded (Law 86B may apply). An offending contestant is liable to a procedural penalty.

LAW 14 - MISSING CARD

A. Hand Found Deficient before Play Commences

When one or more hands are found to contain fewer than 13 cards, with no hand having more than 13, before the opening lead is faced, the Director makes a search for any missing card, and:

1. if the card is found, it is restored to the deficient hand.
2. if the card cannot be found, the Director reconstructs the deal by substituting another pack.
3. the auction and play continue normally without alteration of any of the calls made, the restored hand being deemed to have contained all of its cards continuously throughout.

B. Hand Found Deficient Afterwards

When one or more hands are found to contain fewer than 13 cards, with no hand having more than 13, at any time after the opening lead is faced (until the end of the Correction Period), the Director makes a search for any missing card, and:

1. if the card is found among the played cards, Law 67 applies.
2. if the card is found elsewhere, it is restored to the deficient hand. Rectification and/or penalties may apply (see B4 following).
3. if the card cannot be found, the deal is reconstructed using another pack. Rectification and/or penalties may apply (see B4 following).
4. a card restored to a hand under the provisions of Section B of this Law is deemed to have belonged continuously to the deficient hand. It may become a penalty card, and failure to have played it may constitute a revoke.

C. Information from Replacement of a Card

Knowledge of the replacement of a card is unauthorized for the partner of a player whose hand contained an incorrect number of cards.

LAW 15 - WRONG BOARD OR HAND

A. Cards from Wrong Board

1. A call is cancelled (together with any subsequent call) if it is made by a player holding cards that were picked up from a wrong board.
2. (a) If the offender's partner has subsequently called, the Director shall award an adjusted score.
(b) Otherwise, after looking at the correct hand the offender calls again and the auction continues normally from that point.

- (c) Law 16C applies to any call withdrawn or cancelled.
- 3. If the offender subsequently repeats a call on the board from which the cards were mistakenly drawn, the Director may allow that board to be played normally, but the Director shall award an adjusted score when offender's call differs³ from the original cancelled call.
- 4. A procedural penalty (Law 90) may be assessed in addition to the rectifications above.

B. Wrong Board Discovered During Auction or Play Period⁴

If, after the commencement of the auction period, the Director discovers that a contestant is playing a board not designated for this pair to play in the current round, then:

- 1. if one or more players at the table have previously played the board, with the correct opponents or otherwise, the board is cancelled for both sides.
- 2. if none of the four players have previously played the board the Director shall require the auction and play to be completed. The score stands and both pairs may be required to play the correct board against one another later.
- 3. the Director shall award an artificial adjusted score [see Law 12C2(a)] to any contestant deprived of the opportunity to earn a valid score.

LAW 16 - AUTHORIZED AND UNAUTHORIZED INFORMATION

A. Players' Use of Information

- 1. A player may use information in the auction or play if:
 - (a) it derives from the legal calls and plays of the current board (including illegal calls and plays that are accepted) and is unaffected by unauthorized information from another source; or
 - (b) it is authorized information from a withdrawn action (see C); or
 - (c) it is information specified in any law or regulation to be authorized or, when not otherwise specified, arising from the legal procedures authorized in these laws and in regulations (but see B1 following); or
 - (d) it is information that the player possessed before taking the hand from the board (Law 7B) and the Laws do not preclude the use of this information.
- 2. Players may also take account of their estimate of their own score, of the traits of their opponents, and any requirement of the tournament regulations.

B. Extraneous Information from Partner

- 1. Any extraneous information from partner that might suggest a call or play is unauthorized. This includes remarks, questions, replies to questions, unexpected alerts or failures to alert, unmistakable hesitation, unwonted speed, special emphasis, tone, gesture, movement or mannerism.
 - (a) A player may not choose a call or play that is demonstrably suggested over another by unauthorized information if the other call or play is a logical alternative.

³ A substituted call differs if its meaning is much different or if it is psychic.

⁴ This law only applies to pair and individual events – see Law 86B for team events.

- (b) A logical alternative is an action that a significant proportion of the class of players in question, using the methods of the partnership, would seriously consider, and some might select.
- 2. When a player considers that an opponent has made such information available and that damage could well result this player may announce, unless prohibited by the Regulating Authority (which may require that the Director be called), their intention to reserve the right to summon the Director later (the opponents should summon the Director immediately if they dispute the fact that unauthorized information might have been conveyed).
- 3. When a player has substantial reason to believe that an opponent who had a logical alternative has chosen an action suggested by such information, the Director should be summoned when play ends⁵. An adjusted score shall be assigned (see Law 12C1) if, in the Director's judgement, an infraction of law has resulted in an advantage for the offender.

C. Information from Withdrawn Calls and Plays

When a call or play has been withdrawn as these laws provide:

- 1. For a non-offending side, all information arising from a withdrawn action is authorized, whether the action be its own or its opponents'.
- 2. For an offending side, information arising from its own withdrawn action and from withdrawn actions of the non-offending side is unauthorized. A player of an offending side may not choose a call or play that is demonstrably suggested over another by unauthorized information if the other call or play is a logical alternative.
- 3. An adjusted score shall be assigned (see Law 12C1) if in the Director's judgement a violation of C2 has damaged the non-offending side.

D. Extraneous Information from Other Sources

- 1. When a player accidentally receives extraneous information about the current board or a board yet to be played, as by looking at the wrong hand; by overhearing calls, results or remarks; by seeing cards at another table; or by seeing a card belonging to another player at the table before the auction begins (see also Law 13A), the Director should be notified forthwith, preferably by the recipient of the information.
- 2. If the information would likely interfere with normal play in the Director's judgement, before any call has been made, the Director may:
 - (a) adjust the players' positions at the table, if the type of contest and scoring permit, so that the player with information about one hand will hold that hand;
 - (b) if the form of competition allows it order the board redealt for those contestants;
 - (c) allow completion of the play of the board standing ready to award an adjusted score if judging that the extraneous information affected the result;
 - (d) award an adjusted score (for team play see Law 86B).
- 3. If such extraneous information is received after the first call in the auction has been made and before completion of the play of the board the Director proceeds as in 2(c) or 2(d) above.

LAW 17 - THE AUCTION PERIOD

⁵ It is not an infraction to call the Director earlier or later.

A. Auction Period Starts

The auction period on a deal begins for a side when either partner withdraws cards from the board.

B. The First Call

The player designated by the board as dealer makes the first call.

C. Successive Calls

The player to dealer's left makes the second call, and thereafter each player calls in turn in a clockwise rotation.

D. End of Auction Period

1. The auction period ends when, subsequent to the end of the auction as in Law 22A, either defender faces an opening lead. (If the lead is out of turn then see Law 54.) The interval between the end of the auction and the end of the auction period is designated the Clarification Period.
2. If no player bids (see Law 22B) the auction period ends when all four hands have been returned to the board.
3. When a call has been followed by three passes the auction does not end if any of those passes was out of rotation, depriving a player of the right to call. When this occurs the auction reverts to the player who missed their turn, all subsequent passes are cancelled and the auction proceeds normally. Law 16C applies to the cancelled calls, any player who has passed out of rotation being an offender.

LAW 18 - BIDS

A. Proper Form

A bid designates a number of odd tricks (tricks in excess of six), from one to seven, and a denomination. (Pass, double and redouble are calls but not bids.)

B. To Supersede a Bid

A bid supersedes a previous bid if it designates either the same number of odd tricks in a higher-ranking denomination or a greater number of odd tricks in any denomination.

C. Sufficient Bid

A bid that supersedes the last preceding bid is a sufficient bid.

D. Insufficient Bid

A bid that fails to supersede the last preceding bid is an insufficient bid. It is an infraction to make an insufficient bid (see Law 27 for rectification).

E. Rank of the Denominations

The rank of the denominations in descending order is: no trump, spades, hearts, diamonds, clubs.

F. Different Methods

Regulating Authorities may authorize different methods of making calls.

LAW 19 - DOUBLES AND REDOUBLES

A. Doubles

1. A player may double only the last preceding bid. That bid must have been made by an opponent; calls other than pass must not have intervened.

2. In doubling, a player should not state the number of odd tricks or the denomination. The only correct form is the single word "Double".
3. If a player, in doubling, incorrectly states the bid, or the number of odd tricks or the denomination, the bid is deemed to have been doubled as it was made. (Law 16 Unauthorized Information may apply.)

B. Redoubles

1. A player may redouble only the last preceding double. That double must have been made by an opponent; calls other than pass must not have intervened.
2. In redoubling, a player should not state the number of odd tricks or the denomination. The only correct form is the single word "Redouble".
3. If a player, in redoubling, incorrectly states the doubled bid, or the number of odd tricks or the denomination, the bid is deemed to have been redoubled as it was made. (Law 16 Unauthorized Information may apply.)

C. Double or Redouble Superseded

Any double or redouble is superseded by a subsequent legal bid.

D. Scoring a Doubled or Redoubled Contract

If a doubled or redoubled bid is not followed by a subsequent legal bid, scoring values are increased as provided in Law 77.

LAW 20 - REVIEW AND EXPLANATION OF CALLS

A. Call Not Clearly Recognized

A player may require clarification forthwith if in doubt about what call has been made.

B. Review of Auction during Auction Period

During the auction period, a player is entitled to have all previous calls restated at their turn to call, unless required by law to pass. Alerts should be included when responding to the request. A player may not ask for a partial review of previous calls and may not halt the review before it is completed.

C. Review after Final Pass

1. After the final pass either defender has the right to ask if it is their opening lead (see Laws 47E and 41).
2. Declarer⁶ or either defender may, at their first turn to play, require all previous calls to be restated. (See Laws 41B and 41C). As in B the player may not ask for only a partial restatement or halt the review.

D. Who May Review the Auction

A request to have calls restated shall be responded to only by an opponent.

E. Correction of Error in Review

All players, including dummy or a player required by law to pass, are responsible for prompt correction of errors in restatement (see Law 12C1 when an uncorrected review causes damage).

F. Explanation of Calls

⁶ Declarer's first turn to play is from dummy unless accepting an opening lead out of turn.

1. During the auction and before the final pass any player may request⁷ an explanation of the opponents' auction at their turn to call. The player is entitled to know about calls actually made, about relevant alternative calls available that were not made, and about inferences from the choice of action where these are matters of partnership understanding. Except on the instruction of the Director replies should be given by the partner of the player who made the call in question. The partner of a player who asks a question may not ask a supplementary question until their turn to call or play. Law 16 may apply and the Regulating Authority may establish regulations for written explanations.
2. After the final pass and throughout the play period, either defender at their turn to play may request an explanation of the opposing auction. Declarer may request an explanation of a defender's call or card play understandings before playing from hand or from dummy. Explanations should be given on a like basis to 1 and by the partner of the player whose action is explained.
3. Under 1 and 2 above a player may ask concerning a single call but Law 16B1 may apply.
4. (a) A player who gives an explanation that is erroneous or incomplete and realises it during the auction must summon the Director before the end of the Clarification Period and correct the misexplanation. The Director may be called sooner but there is no obligation to do so. (For a correction during the play period, see Law 75B2.)
 - (b) The Director when summoned applies Law 21B or Law 40B3.
5. (a) A player whose partner has given a mistaken explanation may not correct the error during the auction, nor indicate in any manner that a mistake has been made. 'Mistaken explanation' here includes failure to alert or announce as regulations require or an alert (or an announcement) that regulations do not require.
 - (b) A player who believes that partner's explanation was erroneous (see Law 75B), must call the Director and inform the opponents, but only at the first legal opportunity, which is:
 - (i) for a defender, at the end of the play.
 - (ii) for declarer or dummy, after the final pass of the auction.
6. If the Director judges that a player has based an action on misinformation given by an opponent see, as appropriate, Law 21 or Law 47E.

G. Incorrect Procedure

1. A player may not ask a question if the sole purpose is to benefit partner.
2. A player may not ask a question if the sole purpose is to elicit an incorrect response from an opponent.
3. Except as the Regulating Authority allows, a player may not consult their own system card and notes during the auction period and play [but see Law 40B2(b)].

LAW 21 - MISINFORMATION

A. Call or Play Based on Player's Own Misunderstanding

No rectification or redress is due to a player who acts on the basis of their own misunderstanding.

B. Call Based on Misinformation from an Opponent

⁷ Unless that player is required by law to pass.

1. (a) Until the end of the auction period (see Law 17D) and provided that partner has not subsequently called, a player may change a call without other rectification for that side when the Director judges that the decision to make the call could well have been influenced by misinformation given to the player by an opponent. Failure to alert promptly where an alert is required by the Regulating Authority is deemed misinformation.
- (b) The Director is to presume Mistaken Explanation rather than Mistaken Call in the absence of evidence to the contrary.
2. When a player elects to change a call because of misinformation (as in 1 preceding), LHO may then in turn change any subsequent call made, but Law 16C applies.
3. When it is too late to change a call and the Director judges that the offending side gained an advantage from the irregularity an adjusted score is awarded.

LAW 22 – END OF AUCTION

The auction ends when:

- A. one or more players having bid, there are three consecutive passes in rotation subsequent to the last bid. The last bid becomes the contract (but see Law 19D).
- B. all four players pass (but see Law 25). The hands are returned to the board without play. There shall not be a redeal.

LAW 23 – COMPARABLE CALL

A. Definition

A call that replaces a withdrawn call is a comparable call, if it:

1. has the same or similar meaning as that attributable to the withdrawn call, or
2. defines a subset of the possible meanings attributable to the withdrawn call, or
3. has the same purpose (e.g. an asking bid or a relay) as that attributable to the withdrawn call.

B. No Rectification

When a call is cancelled (as per Law 29B) and the offender chooses in proper turn to replace the irregularity with a comparable call, then both the auction and play continue without further rectification. Law 16C2 does not apply, but see C following.

C. Non-Offending Side Damaged

If following the substitution of a comparable call [see Laws 27B1(b), 30B1(b)(i), 31A2(a) and 32A2(a)] the Director judges at the end of the play that without the assistance gained through the infraction the outcome of the board could well have been different, and in consequence the non-offending side is damaged, an adjusted score shall be awarded [see Law 12C1(b)].

LAW 24 - CARD EXPOSED OR LED DURING THE AUCTION

When the Director determines that during the auction, because of a player's own error, one or more cards of that player's hand were in position for the face to be seen by partner, the Director shall require that every such card be placed face up on the table until the auction ends. Information from cards thus exposed is authorized for the non-offending side but unauthorized for the offending side (see Law 16C).

A. Low Card Not Prematurely Led

If it is a single card below the rank of an honour and not prematurely led, there is no further rectification (but see E following).

B. Single Card of Honour Rank or Card Prematurely Led

If it is a single card of honour rank or is any card prematurely led, offender's partner must pass at their next turn to call (see Law 72C when a pass damages the non-offending side).

C. Two or More Cards Are Exposed

If two or more cards are so exposed offender's partner must pass at their next turn to call (see Law 72C when a pass damages the non-offending side).

D. Declaring side

If the offender becomes declarer or dummy the cards are picked up and returned to the hand.

E. Defenders

If at the conclusion of the auction the offender is to become a defender, every such card becomes a penalty card (see Laws 50 and 51).

LAW 25 - LEGAL AND ILLEGAL CHANGES OF CALL

A. Unintended Call

1. If a call is made by a player that was not intended and if it is discovered before partner makes a call, it may be substituted with the intended call. The second (intended) call stands and is subject to the appropriate Law, but the lead restrictions in Law 26 do not apply.
2. If the player's original intent was to make the call selected or voiced, that call stands. A change of call may be allowed because of a mechanical error or a slip of the tongue, but not because of a loss of concentration regarding the intent of the action.
3. A player is allowed to replace an unintended call if the conditions described in A1 above are met, no matter how the error came to the player's attention.
4. No substitution of call may be made when partner has made a subsequent call.
5. If the auction ends before it reaches the player's partner no substitution may occur after the end of the auction period (see Law 17D).
6. If a substitution is allowed the LHO may withdraw a call made over the first call. Information from the withdrawn call is authorized to this side and unauthorized to the opponents.

B. Call Intended

1. A substituted call not permitted by A may be accepted by the offender's LHO. (It is accepted if LHO calls intentionally over it.) The first call is then withdrawn, the second call stands and the auction continues (Law 26 may apply).
2. Except as in B1, a substitution not permitted by A is cancelled. The original call stands and the auction continues (Law 26 may apply).
3. Law 16C applies to any call withdrawn or cancelled.

LAW 26 – CALL WITHDRAWN, LEAD RESTRICTIONS

A. No Lead Restrictions

When an offending player's call is withdrawn and it is replaced by a comparable call (see Law 23A), then if that side becomes the defenders there are no lead restrictions. Law 16C does not apply, but see Law 23C.

B. Lead Restrictions

When an offending player's call is withdrawn and it is not replaced by a comparable call, then if the offender becomes a defender declarer may, at the offender's partner's first turn to lead prohibit offender's partner from leading any (one) suit which has not been specified in the legal auction by the offender. Such prohibition continues for as long as the offender's partner retains the lead.

LAW 27 – INSUFFICIENT BID

A. Acceptance of Insufficient Bid

1. Any insufficient bid may be accepted (treated as legal) at the option of offender's LHO. It is accepted if that player calls.
2. If a player makes an insufficient bid out of rotation Law 31 applies.

B. Insufficient Bid not Accepted

If an insufficient bid in rotation is not accepted (see A) it must be corrected by the substitution of a legal call (but see 3 following). Then:

1. (a) if the insufficient bid is corrected by the lowest sufficient bid which specifies the same denomination(s) as that specified by the withdrawn call, the auction proceeds without further rectification. Laws 26B and 16C do not apply but see D following.
(b) except as in (a), if the insufficient bid is corrected with a comparable call (see Law 23A) the auction proceeds without further rectification. Law 16C does not apply but see D following.
2. except as provided in B1 above, if the insufficient bid is corrected by a sufficient bid or by a pass, the offender's partner must pass whenever it is their turn to call. The lead restrictions in Law 26B may apply, and see Law 72C.
3. except as provided in B1(b) above, if the offender attempts to substitute a double or a redouble for the insufficient bid the attempted call is cancelled. The offender must replace it as the foregoing allows and partner must then pass at each turn to call. The lead restrictions in Law 26B may apply, and see Law 72C.
4. if the offender attempts to replace the one insufficient bid with another insufficient bid the Director rules as in 3 if the LHO does not accept the substituted insufficient bid as A1 allows.

C. Premature Replacement

If the offender replaces an insufficient bid before the Director has ruled on rectification the substitution, if legal, stands unless the insufficient bid is accepted as A1 allows (but see B3 above). The Director applies the relevant foregoing section to the substitution.

D. Non-offending Side Damaged

If following the application of B1 the Director judges at the end of the play that without assistance gained through the infraction the outcome of the board could well have been different, and in consequence the non-offending side is damaged (see Law 12B1), an adjusted score shall be awarded. When making the adjustment, the Director should seek to recover as nearly as possible the probable outcome of the board had the insufficient bid not occurred.

LAW 28 - CALLS CONSIDERED TO BE IN ROTATION

A. RHO Required to Pass

A call is considered to be in rotation when it is made by a player at RHO's turn to call if that opponent is required by law to pass.

B. Call by Correct Player Cancelling Call Out of Rotation

A call is considered to be in rotation when made by a player whose turn it was to call before rectification has been assessed for a call out of rotation by an opponent. Making such a call forfeits the right to rectification for the call out of rotation. The auction proceeds as though the opponent had not called at that turn. Law 26 does not apply, but see Law 16C2.

LAW 29 - PROCEDURE AFTER A CALL OUT OF ROTATION

A. Forfeiture of Right to Rectification

Following a call out of rotation offender's LHO may elect to call thereby forfeiting the right to any rectification.

B. Out-of-Rotation Call Cancelled

Unless A applies, a call out of rotation is cancelled and the auction reverts to the player whose turn it was to call. The offending side is subject to the provisions of Law 30, 31 or 32.

C. Call Out of Rotation Is Artificial

If a call out of rotation is artificial, the provisions of Laws 30, 31 and 32 apply to the denomination(s) specified, rather than the denomination named.

LAW 30 - PASS OUT OF ROTATION

When a player has passed out of rotation and the call is cancelled, the option in Law 29A not having been exercised, the following provisions apply (if the pass is artificial see C):

A. RHO's Turn to Call

When a pass out of rotation is made at offender's RHO's turn to call, the offender must pass at the next turn to call and Law 72C may apply.

B. Partner's or LHO's Turn to Call

1. When the offender has passed at partner's turn to call, or at LHO's turn to call if the offender has not previously called, then:

(a) Offender's partner may make any legal call in proper turn, but Law 16C2 applies.

(b) Offender may make any legal call in correct turn and:

(i) When the call is a comparable call (see Law 23A), there is no further rectification. Law 26B does not apply, but see Law 23C.

(ii) When the call is not a comparable call (see Law 23A), offender's partner must pass at their next turn to call. Laws 16C, 26B and 72C may apply.

2. If the offender has previously called, a pass out of rotation at offender's LHO's turn to call is treated as a change of call. Law 25 applies.

C. When Pass Is Artificial

When a pass out of rotation is artificial or is a pass of an artificial call, Law 31, not Law 30, applies.

LAW 31 - BID OUT OF ROTATION

When a player has bid out of rotation, has passed artificially or has passed partner's artificial call (see Law 30C) and the call is cancelled, the option in Law 29A not having been exercised, the following provisions apply:

A. RHO's Turn to Call

When the offender has called at RHO's turn to call, then:

1. If that opponent passes, offender must repeat the call out of rotation, and when that call is legal there is no rectification.
2. If that opponent makes a legal⁸ bid, double or redouble, offender may make any legal call:
 - (a) When the call is a comparable call (see Law 23A), there is no further rectification. Law 26B does not apply, but see Law 23C.
 - (b) When the call is not a comparable call (see Law 23A), offender's partner must pass at their next turn to call. Laws 16C, 26B and 72C may apply.

B. Partner's or LHO's Turn to Call

When the offender has bid at partner's turn to call, or at LHO's turn to call if the offender has not previously called, then:

1. Offender's partner may make any legal call in proper turn, but Law 16C2 applies.
2. Offender may make any legal call in correct turn and the Director rules as in A2(a) or A2(b) above.

C. Later Bids at LHO's Turn to Call

Later bids at LHO's turn to call are treated as changes of call and Law 25 applies.

LAW 32 - DOUBLE OR REDOUBLE OUT OF ROTATION

A double or redouble out of rotation may be accepted at the option of the opponent next in rotation (see Law 29A), except that an inadmissible double or redouble (see Law 36) may never be accepted. If the call out of rotation is not accepted it is cancelled and:

A. RHO's Turn to Call

If a double or redouble out of rotation has been made at offender's RHO's turn to call, then:

1. If offender's RHO passes, offender must repeat the out-of-rotation double or redouble and there is no rectification unless the double or redouble is inadmissible, in which case Law 36 applies.
2. If offender's RHO bids, doubles or redoubles, the offender may in turn make any legal call:
 - (a) When the call is a comparable call (see Law 23A), there is no further rectification. Law 26B does not apply, but see Law 23C.
 - (b) When the call is not a comparable call (see Law 23A), offender's partner must pass at their next turn to call. Laws 16C, 26B and 72C may apply.

B. Offender's Partner's Turn to Call

If a double or redouble out of rotation has been made when it was the offender's partner's turn to call, then:

1. Offender's partner may make any legal call, but Law 16C2 applies.
2. Offender may make any legal call in proper turn and the Director rules as in A2(a) or A2(b) above.

C. Later Calls at LHO's Turn to Call

Later calls at LHO's turn to call are treated as changes of call and Law 25 applies.

LAW 33 - SIMULTANEOUS CALLS

⁸ An illegal call by RHO is rectified as usual.

A call made simultaneously with one made by the player whose turn it was to call is deemed to be a subsequent call.

LAW 34 - RETENTION OF RIGHT TO CALL

When following a call there have been three consecutive passes, one or more being out of rotation, Law 17D3 applies.

LAW 35 - INADMISSIBLE CALLS

The following calls are inadmissible:

- A. A double or redouble not permitted by Law 19. Law 36 applies.
- B. A bid, double or redouble by a player required to pass. Law 37 applies.
- C. A bid of more than seven. Law 38 applies.
- D. A call after the final pass of the auction. Law 39 applies.

LAW 36 - INADMISSIBLE DOUBLES AND REDOUBLES

A. Offender's LHO Calls before Rectification

If offender's LHO calls before rectification of an inadmissible double or redouble the inadmissible call and all subsequent calls are cancelled. The auction reverts to the player whose turn it was to call and proceeds as though there had been no irregularity. The lead restrictions in Law 26B do not apply.

B. Offender's LHO does not Call before Rectification

When A does not apply:

1. any double or redouble not permitted by Law 19 is cancelled.
2. the offender must substitute a legal call, the auction continues, and the offender's partner must pass at every turn to call.
3. Law 72C may apply. The lead restrictions in Law 26B may apply.
4. if the call is out of turn the auction reverts to the player whose turn it was to call, the offender may make any legal call in turn, and partner must pass at every turn to call. Law 72C may apply. The lead restrictions in Law 26B may apply.

C. Irregularity Discovered after the Auction Period

When attention is drawn to an inadmissible double or redouble only after the opening lead has been faced, the final contract is scored as if the inadmissible call had not been made.

LAW 37 - ACTION VIOLATING OBLIGATION TO PASS

A. Offender's LHO Calls before Rectification

If the inadmissible call was a bid or a double or redouble by a player required by law to pass (but not an action contrary to Law 19A1 or Law 19B1) and offender's LHO calls before the Director has ruled on rectification, that call and all subsequent calls stand. An offender required to pass for the remainder of the auction must still pass at subsequent turns. The lead restrictions in Law 26B do not apply.

B. Offender's LHO does not Call before Rectification

When A does not apply:

1. any bid, double or redouble, by a player required by law to pass is cancelled.

2. a pass is substituted, the auction continues and each member of the offending side must pass at every turn to call. Law 72C may apply. The lead restrictions in Law 26B may apply.

LAW 38 - BID OF MORE THAN SEVEN

A. No Play Permissible

No play of a contract of more than seven is ever permissible.

B. Bid and Subsequent Calls Cancelled

A bid of more than seven is cancelled together with any subsequent calls.

C. Offending Side Must Pass

A pass must be substituted; the auction continues unless completed and each member of the offending side must pass at every turn to call.

D. Possible Lack of Recourse to Laws 26B and 72C

Law 72C may apply and the lead restrictions in Law 26B may apply, except that if the offender's LHO had called subsequent to the infraction and before rectification there is no recourse to these Laws.

LAW 39 - CALL AFTER THE FINAL PASS

A. Calls Cancelled

All calls after the final pass of the auction are cancelled.

B. Pass by Defender or Any Call by Declaring Side

If offender's LHO calls before rectification, or if the infraction is a pass by a defender or any call by the future declarer or dummy, then there is no further rectification.

C. Other Action by Defender

If offender's LHO has not called subsequent to the infraction and the infraction is a bid, double or redouble by a defender, then the lead restrictions in Law 26B may apply.

LAW 40 - PARTNERSHIP UNDERSTANDINGS

A. Players' Systemic Agreements

1. (a) Partnership understandings as to the methods adopted by a partnership may be reached explicitly in discussion or implicitly through mutual experience or awareness of the players.
(b) Each partnership has a duty to make its partnership understandings available to its opponents. The Regulating Authority specifies the manner in which this is done.
2. Information conveyed to partner through such understandings must arise from the calls, plays and conditions of the current deal. Each player is entitled to take into account the legal auction and, subject to any exclusions in these laws, any cards seen. Any information specified elsewhere in these laws as authorized may also be used. (See Law 73C.)
3. A player may make any call or play without prior announcement provided that such call or play is not based on an undisclosed partnership understanding (see Law 40C1).
4. The agreed meaning of a call or play shall not alter by reference to the member of the partnership by whom it is made (this requirement does not restrict style and judgement, only method).

B. Special Partnership Understandings

1. (a) An agreement between partners, whether explicit or implicit, is a partnership understanding.
- (b) In its discretion the Regulating Authority may designate certain partnership understandings as 'special partnership understandings'. A special partnership understanding is one whose meaning, in the opinion of the Regulating Authority, may not be readily understood and anticipated by a significant number of players in the tournament.
- (c) Unless the Regulating Authority decides otherwise, any call that has an artificial meaning constitutes a special partnership understanding.
2. (a) The Regulating Authority:
 - (i) is empowered without restriction to allow, disallow, or allow conditionally, any special partnership understanding.
 - (ii) may prescribe a System Card, with or without supplementary sheets, for the prior listing of a partnership's understandings, and regulate its use.
 - (iii) may prescribe alerting procedures and/or other methods of disclosure of a partnership's methods.
 - (iv) may disallow prior agreement by a partnership to vary its understandings during the auction or play following an irregularity committed by the opponents.
 - (v) may restrict the use of psychic artificial calls.
- (b) Unless the Regulating Authority provides otherwise no player may consult their own system card between the commencement of the auction period and the end of play, except that players of the declaring side (only) may consult their own system card during the Clarification Period.
- (c) Unless the Regulating Authority provides otherwise a player may consult an opponent's system card:
 - (i) prior to the commencement of the auction,
 - (ii) during the Clarification Period,
 - (iii) during the auction and during the play but only at their turn to call or play, and
 - (iv) following an opponent's request for an explanation, pursuant to Law 20F, for the purpose of correctly explaining the significance of partner's call or play.
- (d) Unless the Regulating Authority provides otherwise a player is not entitled to any aids to memory, calculation or technique during the auction period and play.
3. (a) A side that is damaged as a consequence of its opponents' failure to provide disclosure of the meaning of a call or play, as these laws require, is entitled to rectification through the award of an adjusted score.
- (b) Repeated violations of requirements to disclose partnership understandings may be penalized.
4. When a side is damaged by an opponent's use of a special partnership understanding that does not comply with the regulations governing the tournament the score shall be adjusted. A side in breach of those regulations may be subject to a procedural penalty.
5. (a) When explaining the significance of partner's call or play in reply to an opponent's enquiry (see Law 20) a player shall disclose all special information conveyed through partnership agreement or partnership experience but need not disclose inferences drawn from knowledge and experience of matters generally known to bridge players.

- (b) The Director adjusts the score if information not given in an explanation is crucial for an opponent's choice of action and the opponent is thereby damaged.

C. Deviation from System and Psychic Action

1. A player may deviate from announced understandings, provided that partner has no more reason than the opponents to be aware of the deviation [but see B2(a)(v) above]. Repeated deviations lead to implicit understandings which then form part of the partnership's methods and must be disclosed in accordance with the regulations governing disclosure of system. If the Director judges there is undisclosed knowledge that has damaged the opponents, the score shall be adjusted and a procedural penalty may be assessed.
2. Other than in C1 above, no player, after deviating from announced methods, is obliged to disclose this to the opponents.

LAW 41 - COMMENCEMENT OF PLAY

A. Face-down Opening Lead

After a bid, double or redouble has been followed by three passes in rotation, the defender on presumed declarer's left makes the opening lead face down⁹. The face-down lead may be withdrawn only upon instruction of the Director after an irregularity (see Laws 47E and 54); the withdrawn card must be returned to the defender's hand.

B. Review of Auction and Questions

Before the opening lead is faced, the leader's partner and the presumed declarer (but not the presumed dummy) each may require a review of the auction, or request explanation of an opponent's call (see Law 20F2 and 20F3). Declarer¹⁰ or either defender may require a review of the auction at their first turn to play a card. This right expires when this hand plays a card. The defenders (subject to Law 16) and the declarer retain the right to request explanations throughout the play period, each at their¹¹ turn to play.

C. Opening Lead Faced

Following this Clarification Period, the opening lead is faced, the play period begins irrevocably, and dummy's hand is spread (but see Law 54A for a faced opening lead out of turn). After it is too late to have previous calls restated (see B), declarer or either defender is entitled to be informed as to what the contract is and whether, but not by whom, it was doubled or redoubled at their¹¹ turn to play.

D. Dummy's Hand

After the opening lead is faced, dummy spreads their hand directly in front on the table, face up, sorted into suits, the cards in order of rank with lowest ranking cards towards declarer, and in separate columns pointing lengthwise towards declarer. Trumps are placed to dummy's right. Declarer then plays both hands.

LAW 42 - DUMMY'S RIGHTS

A. Absolute Rights

1. Dummy is entitled to give information, in the Director's presence, as to fact or law.
2. Dummy may keep count of tricks won and lost.

⁹ Regulating Authorities may specify that opening leads be made face up.

¹⁰ Declarer's first turn to play is from dummy unless accepting an opening lead out of turn.

¹¹ Declarer may enquire before playing from dummy or from hand.

3. Dummy plays the cards of the dummy as declarer's agent as directed and ensures that dummy follows suit (see Law 45F if dummy suggests a play).

B. Qualified Rights

Dummy may exercise other rights subject to the limitations stated in Law 43.

1. Dummy may ask declarer (but not a defender) when they have failed to follow suit to a trick whether the hand has a card of the suit led.
2. Dummy may try to prevent any irregularity.
3. Dummy may draw attention to any irregularity, but only after play of the hand is concluded.

LAW 43 - DUMMY'S LIMITATIONS

Except as Law 42 allows:

A. Limitations on Dummy

1. (a) Dummy may not initiate a call for the Director during play unless another player has drawn attention to an irregularity.
(b) Dummy may not call attention to an irregularity during play.
(c) Dummy must not participate in the play, nor communicate anything about the play to declarer.
2. (a) Dummy may not exchange hands with declarer.
(b) Dummy may not leave their seat to watch declarer's play of the hand.
(c) Dummy may not look at the face of a card in either defender's hand.
3. A defender may not show their hand to dummy.

B. If Violation Occurs

1. Dummy is liable to penalty under Law 90 for any violation of the limitations listed in A1 and A2.
2. If dummy, after violation of the limitations listed in A2:
 - (a) warns declarer not to lead from the wrong hand, either defender may choose the hand from which declarer shall lead.
 - (b) is the first to ask declarer if a play from declarer's hand constitutes a revoke, declarer must substitute a correct card if the play was illegal, and the provisions of Law 64 then apply as if the revoke had been established.
3. If dummy after violation of the limitations listed in A2 is the first to draw attention to a defender's irregularity, there is no immediate rectification. Play continues as though no irregularity had occurred. At the end of play if the defending side has gained through its irregularity the Director adjusts only its score, taking away that advantage. The declaring side retains the score achieved at the table.

LAW 44 - SEQUENCE AND PROCEDURE OF PLAY

A. Lead to a Trick

The player who leads to a trick may play any card from their hand (unless subject to restriction after that side has committed an irregularity).

B. Subsequent Plays to a Trick

After the lead, each other player in turn plays a card, and the four cards so played constitute a trick. (For the method of playing cards and arranging tricks see Laws 45 and 65 respectively.)

C. Requirement to Follow Suit

In playing to a trick, each player must follow suit if possible. This obligation takes precedence over all other requirements of these Laws.

D. Inability to Follow Suit

If unable to follow suit, a player may play any card (unless subject to restriction after that side has committed an irregularity)

E. Tricks Containing Trumps

A trick containing a trump is won by the player who has contributed to it the highest trump.

F. Tricks Not Containing Trumps

A trick that does not contain a trump is won by the player who has contributed to it the highest card of the suit led.

G. Lead to Tricks Subsequent to First Trick

The lead to the next trick is from the hand in which the last trick was won.

LAW 45 - CARD PLAYED

A. Play of Card from a Hand

Each player except dummy plays a card by detaching it from hand and facing¹² it on the table immediately in front.

B. Play of Card from Dummy

Declarer plays a card from dummy by naming the card, after which dummy picks up the card and faces it on the table. In playing from dummy's hand declarer may, if necessary, pick up the desired card.

C. Card Deemed to be Played

1. A defender's card held so that it is possible for partner to see its face is deemed played to the current trick (if the defender has already made a legal play to the current trick, see Law 45E).
2. Declarer is deemed to have played a card from hand if it is:
 - (a) held face up, touching or nearly touching the table; or
 - (b) maintained in such a position as to indicate that it has been played.
3. A card in the dummy is played if it has been deliberately touched by declarer except for the purpose either of arranging dummy's cards, or of reaching a card above or below the card or cards touched.
4. (a) A card is played if a player names or otherwise designates it as the card being proposed to play (but see Law 47).
 - (b) Declarer may correct an unintended designation of a card from dummy until a card is next played either from hand or from dummy. A change of designation may be allowed after a slip of the tongue, but not after a loss of concentration or a reconsideration of action. If an opponent has, in turn, played a card that was legal before the change in

¹² The opening lead is first made face down unless the Regulating Authority directs otherwise.

designation, that opponent may withdraw the card so played, return it to hand, and substitute another (see Laws 47D and 16C1).

5. A penalty card, major or minor, may have to be played (see Law 50).

D. Dummy Picks up a Non-designated Card

1. If dummy places in the played position a card that declarer did not name, the card must be withdrawn if attention is drawn to it before each side has played to the next trick, and a defender may withdraw and return to hand a card played after the error but before attention was drawn to it; if declarer's RHO changes their play, declarer may withdraw a card subsequently played to that trick. (See Law 16C.)
2. When it is too late to change dummy's wrongly placed card (see above), the play continues normally without alteration of the cards played to this or any subsequent trick. If the wrongly placed card was the first card of the trick, then the failure to follow suit to that card may now constitute a revoke (see Laws 64A, 64B7 and 64C). If the wrongly placed card was contributed to a trick already in progress and dummy thereby has revoked, see Laws 64B3 and 64C.

E. Fifth Card Played to Trick

1. A fifth card contributed to a trick by a defender becomes a penalty card, subject to Law 50, unless the Director deems that it was led, in which case Law 53 or 56 applies.
2. When declarer contributes a fifth card to a trick from hand or dummy, it is returned to the hand without further rectification unless the Director deems that it was led, in which case Law 55 applies.

F. Dummy Indicates Card

After dummy's hand is faced, dummy may not touch or indicate any card (except for purpose of arrangement) without instruction from declarer. The Director should be summoned forthwith and informed of the action if dummy does so. Play continues. At the end of the play if the Director judges that dummy suggested a play to declarer and the defenders were damaged by the play suggested, an adjusted score shall be awarded.

G. Turning the Trick

No player should turn a card face down until all four players have played to the trick.

LAW 46 – INCOMPLETE OR INVALID DESIGNATION OF A CARD FROM DUMMY

A. Proper Form for Designating Dummy's Card

When calling for a card to be played from dummy declarer should clearly state both the suit and the rank of the desired card.

B. Incomplete or Invalid Designation

In the case of an incomplete or invalid designation, the following restrictions apply (except when declarer's different intention is incontrovertible):

1. (a) If declarer in playing from dummy calls 'high', or words of like meaning, the highest card of the suit led is deemed to have been called.
(b) If declarer directs dummy to 'win' the trick, the lowest card that it is known will win the trick is deemed to have been called.
(c) If declarer calls 'low', or words of like meaning, the lowest card of the suit led is deemed to have been called.

2. If declarer designates a suit but not a rank the lowest card of the suit indicated is deemed to have been called.
3. If declarer designates a rank but not a suit:
 - (a) In leading, declarer is deemed to have continued the suit with which dummy won the preceding trick provided there is a card of the designated rank in that suit.
 - (b) In all other cases declarer must play a card from dummy of the designated rank if legally able to do so; but if there are two or more such cards that can be legally played declarer must designate which is intended.
4. If declarer calls for a card that is not in dummy the call is invalid and declarer may designate any legal card.
5. If declarer indicates a play without designating either a suit or a rank (as by saying 'play anything' or words of like meaning) either defender may designate the play from dummy.

LAW 47 - RETRACTION OF CARD PLAYED

A. In Course of Rectification

A card once played may be withdrawn when required by rectification following an irregularity (but a defender's withdrawn card may become a penalty card, see Law 49).

B. To Correct an Illegal Play

A played card may be withdrawn to correct an illegal play (for defenders, except as this Law provides, see Law 49 - penalty card). For simultaneous play see Law 58.

C. To Change an Unintended Designation

A played card may be withdrawn and returned to the hand without further rectification after a change of designation permitted by Law 45C4(b).

D. Following Opponent's Change of Play

After an opponent's change of play a played card may be withdrawn and returned to the hand without further rectification and another card may be substituted. (Laws 16C and 62C2 may apply.)

E. Change of Play Based on Misinformation

1. A lead out of turn (or play of a card) is retracted without further rectification if the player was mistakenly informed by an opponent that it was their turn to lead, or play (see Law 16C). A lead or play may not be accepted by LHO in these circumstances and Law 63A1 does not apply.
2. (a) A player may retract a card played because of a mistaken explanation of an opponent's call or play and before a corrected explanation, without further rectification, but only if no card was subsequently played (see Law 16C). An opening lead may not be retracted after dummy has faced any card.
 - (b) When it is too late to correct a play under (a) the Director may award an adjusted score.

F. Other Retraction

1. A card may be withdrawn as Law 53B provides.
2. Except as this Law specifies, a card once played may not be withdrawn.

LAW 48 - EXPOSURE OF DECLARER'S CARDS

A. Declarer Exposes a Card

Declarer is not subject to restriction for exposing a card (but see Law 45C2), and no card of declarer's or dummy's hand ever becomes a penalty card. Declarer is not required to play any card dropped accidentally.

B. Declarer Faces Cards

1. When declarer faces cards after an opening lead out of turn, Law 54 applies.
2. When declarer faces cards at any time other than immediately after an opening lead out of turn, it may be deemed that a claim or concession of tricks has been made (unless there was demonstrably no intention to claim), and Law 68 then applies.

LAW 49 - EXPOSURE OF A DEFENDER'S CARDS

Except in the normal course of play or application of law (see for example Law 47E), when a defender's card is in a position in which partner could possibly see its face, or when a defender names a card as being in their hand, each such card becomes a penalty card (Law 50); but see Law 68 when a defender has made a statement concerning an uncompleted trick currently in progress, and see Law 68B2 when partner objects to a defender's concession.

LAW 50 - DISPOSITION OF PENALTY CARD

A card prematurely exposed (but not led, see Law 57) by a defender is a penalty card unless the Director designates otherwise (see Law 49 and Law 72C may apply).

A. Penalty Card Remains Exposed

A penalty card must be left face up on the table immediately before the player to whom it belongs, until a rectification has been selected.

B. Major or Minor Penalty Card

A single card below the rank of an honour exposed unintentionally (as in playing two cards to a trick, or in dropping a card accidentally) becomes a minor penalty card. Any card of honour rank, or any card exposed through deliberate play (for example in leading out of turn, or in revoking and then correcting), becomes a major penalty card; when one defender has two or more penalty cards, all such cards become major penalty cards.

C. Disposition of Minor Penalty Card

A defender who has a minor penalty card may not play any other card of the same suit below the rank of an honour until the penalty card has been played, but an honour card may be played instead. Offender's partner is not subject to lead restriction, but see E following.

D. Disposition of Major Penalty Card

When a defender has a major penalty card, both the offender and partner may be subject to restriction, the offender at each turn to play, the partner when on lead.

1. (a) Except as provided in (b) below, a major penalty card must be played at the first legal opportunity, whether in leading, following suit, discarding or trumping. If a defender has two or more penalty cards that can legally be played, declarer designates which is to be played.
(b) The obligation to follow suit, or to comply with a lead or play restriction, takes precedence over the obligation to play a major penalty card, but the penalty card must still be left face up on the table and played at the next legal opportunity.
2. A defender who has the lead while partner has a major penalty card may not lead until declarer has stated which of the options below is selected (if the defender leads prematurely, this is subject to rectification under Law 49). Declarer may choose:

- (a) to require¹³ the defender to lead the suit of the penalty card, or prohibit¹³ the lead of that suit for as long as that defender retains the lead (for two or more penalty cards, see Law 51); if declarer exercises either of these options, the card is no longer a penalty card and is picked up.
- (b) not to require or prohibit a lead, in which case the defender may lead any card and the penalty card remains on the table as a penalty card¹⁴. If this option is selected Law 50D continues to apply for as long as the penalty card remains.

E. Information from a Penalty Card

- 1. Information derived from a penalty card and the requirements for playing that penalty card are authorized for all players for as long as the penalty card remains on the table.
- 2. Information derived from a penalty card that has been returned to hand [as per Law 50D2(a)] is unauthorized for the partner of the player who had the penalty card (see Law 16C), but authorized for declarer.
- 3. Once a penalty card has been played, information derived from the circumstances under which it was created is unauthorized for the partner of the player who had the card. (For a penalty card which has not yet been played, see E1 above.)
- 4. If following the application of E1 the Director judges at the end of play that without the assistance gained through the exposed card the outcome of the board could well have been different, and in consequence the non-offending side is damaged (see Law 12B1), an adjusted score shall be awarded. The adjustment should seek to recover as nearly as possible the probable outcome of the board without the effect of the penalty card(s).

LAW 51 - TWO OR MORE PENALTY CARDS

A. Offender to Play

If it is a defender's turn to play and that defender has two or more penalty cards that can legally be played, declarer designates which is to be played at that turn.

B. Offender's Partner to Lead

- 1. (a) When a defender has two or more penalty cards in one suit, and declarer requires¹³ the defender's partner to lead that suit, the cards of that suit are no longer penalty cards and are picked up; the defender may make any legal play to the trick.
- (b) When a defender has two or more penalty cards in one suit, and declarer prohibits¹³ the defender's partner from leading that suit, the defender picks up every penalty card in that suit and may make any legal play to the trick. The prohibition continues until the player loses the lead.
- 2. (a) When a defender has penalty cards in more than one suit [see Law 50D2(a)] and partner is to lead, declarer may require¹⁵ the defender's partner to lead a specified suit in which the defender has a penalty card [but B1(a) preceding then applies].
- (b) When a defender has penalty cards in more than one suit and partner is to lead, declarer may prohibit¹⁵ the defender's partner from leading one or more of such suits; the defender then picks up every penalty card in every suit prohibited by declarer and makes any legal play to the trick. The prohibition continues until the player loses the lead.

¹³ If the player is unable to lead as required see Law 59.

¹⁴ If the partner of the defender with the penalty card retains the lead, and the penalty card has not yet been played, then all the requirements and options of Law 50D2 apply again at the following trick.

¹⁵ If the player is unable to lead as required see Law 59.

- (c) When a defender has penalty cards in more than one suit and partner is to lead, declarer may elect not to require or prohibit a lead, in which case the defender's partner may lead any card and the penalty cards remain on the table as penalty cards¹⁶. If this option is selected Laws 50 and 51 continue to apply for as long as the penalty cards remain.

LAW 52 - FAILURE TO LEAD OR PLAY A PENALTY CARD

A. Defender Fails to Play Penalty Card

A defender who fails to lead or play a penalty card as required by Law 50 or Law 51, may not, on their own initiative, withdraw any other card that has been played.

B. Defender Plays Another Card

1. (a) If a defender has led or played another card when required by law to play a penalty card, declarer may accept such lead or play.
(b) A declarer who thereafter played from hand or dummy, must accept such lead or play.
(c) If the played card is accepted under either (a) or (b) any unplayed penalty card remains a penalty card.
2. If declarer does not accept the card illegally played or led the defender must substitute the penalty card for the card illegally played or led. Every card illegally led or played by the defender in the course of committing the irregularity becomes a major penalty card.

LAW 53 - LEAD OUT OF TURN ACCEPTED

A. Lead Out of Turn Treated as Correct Lead

Prior to the thirteenth trick¹⁷, any lead faced out of turn may be treated as a correct lead (but see Law 47E1). It becomes a correct lead if declarer or either defender, as the case may be, accepts it by making a statement to that effect, or if a play is made from the hand next in rotation to the irregular lead (but see B). If there is no such acceptance or play, the Director will require that the lead be made from the correct hand (and see Law 47B).

B. Proper Lead Made Subsequent to Irregular Lead

Subject to Law 53A, if it was properly the turn to lead of an opponent of the player who led out of turn, that opponent may make their proper lead to the trick of the infraction without the being deemed played to the irregular lead. When this occurs, the proper lead stands and all cards played in error to this trick may be withdrawn, but Law 16C applies.

C. Wrong Defender Plays Card to Declarer's Irregular Lead

If declarer leads out of turn either from hand or from dummy, and the defender to the right of the irregular lead plays a card (but see B), the lead stands and Law 57 applies.

LAW 54 - FACED OPENING LEAD OUT OF TURN

When an opening lead out of turn is faced and offender's partner leads face down, the Director requires the face down lead to be retracted. Also:

A. Declarer Spreads Their Hand

¹⁶ If the partner of the defender with the penalty cards retains the lead, then all the requirements and options of Law 51B2 apply again at the following trick.

¹⁷ A lead out of turn at trick thirteen must be retracted.

After a faced opening lead out of turn, declarer may spread their hand; and becomes dummy. If declarer begins to spread their hand, and in doing so exposes one or more cards, their entire hand must be spread. Dummy becomes declarer.

B. Declarer Accepts Lead

When a defender faces the opening lead out of turn declarer may accept the irregular lead as provided in Law 53, and dummy is spread in accordance with Law 41.

1. The second card to the trick is played from declarer's hand.
2. If declarer plays the second card to the trick from dummy, dummy's card may not be withdrawn except to correct a revoke.

C. Declarer Must Accept Lead

A declarer who could have seen any of dummy's cards (except cards that dummy may have exposed during the auction and that were subject to Law 24) must accept the lead and the presumed declarer then becomes declarer.

D. Declarer Refuses Opening Lead

Declarer may require a defender to retract a faced opening lead out of turn. The withdrawn card becomes a major penalty card and Law 50D applies.

E. Opening Lead by Wrong Side

If a player of the declaring side attempts to make an opening lead Law 24 applies.

LAW 55 - DECLARER'S LEAD OUT OF TURN

A. Declarer's Lead Accepted

If declarer has led out of turn from hand or from dummy, then either defender may accept the lead as provided in Law 53 or require its retraction (after misinformation, see Law 47E1). If the defenders choose differently then the option expressed by the player next in turn to the irregular lead shall prevail.

B. Declarer Required to Retract Lead

1. If declarer has led from hand or from dummy when it was a defender's turn to lead, and has been required to retract such lead per Law 55A, declarer restores the card led in error to the proper hand. No further rectification applies.
2. A declarer who has led from the wrong hand when the lead should have come from hand or dummy, and has been required to retract the lead per Law 55A, must withdraw the card led in error. The lead must be made from the correct hand.

C. Declarer Might Obtain Information

When declarer adopts a line of play that could have been based on information obtained through their infraction, Law 16 applies.

LAW 56 - DEFENDER'S LEAD OUT OF TURN

When a lead out of turn is faced, declarer may:

- A. Accept the irregular lead as provided in Law 53, or
- B. Require the defender to retract the faced lead out of turn. The withdrawn card becomes a major penalty card and Law 50D applies.

LAW 57 - PREMATURE LEAD OR PLAY

A. Premature Play or Lead to Next Trick

When a defender leads to the next trick before partner has played to the current trick, or plays out of turn before partner has played, the card so led or played becomes a major penalty card, and declarer selects one of the following options:

1. Require offender's partner to play the highest card of the suit led, or
2. Require offender's partner to play the lowest card of the suit led, or
3. Require offender's partner to play a card of another suit specified by declarer, or
4. forbid offender's partner to play a card of another suit specified by declarer.

B. Offender's Partner Cannot Comply with Rectification

When offender's partner is unable to comply with the rectification selected by declarer (see A above) any card may be played, as provided in Law 59.

C. Declarer or Dummy Has Played

1. A defender is not subject to rectification for playing before partner if declarer has played from both hands. However a card is not considered to be played from dummy until declarer has instructed (or otherwise indicated¹⁸) the play.
2. A defender is not subject to rectification for playing before partner if dummy has of their own volition prematurely selected a card before RHO or has illegally suggested that one be played.
3. A premature play (not a lead) by declarer from either hand is a played card and if legal may not be withdrawn.

D. Premature Play at RHO's Turn

When a defender attempts to play (not lead) to a trick at RHO's turn, Law 16 may apply. If that card can be legally played to the trick, it must be played in proper turn: otherwise, it becomes a major penalty card.

LAW 58 - SIMULTANEOUS LEADS OR PLAYS

A. Simultaneous Plays by Two Players

A lead or play made simultaneously with another player's legal lead or play is deemed to be subsequent to it.

B. Simultaneous Cards from One Hand

If a player leads or plays two or more cards simultaneously:

1. If the face of only one card is visible, that card is played; all other cards are picked up and there is no further rectification (see Law 47F).
2. If the face of more than one card is visible, the offending player designates the card to be played; for a defender, each other card exposed becomes a penalty card (see Law 50).
3. After an offending player withdraws a visible card, an opponent who subsequently played to that trick may withdraw and substitute another card without further rectification (but see Law 16C).
4. If the simultaneous play remains undiscovered until both sides have played to the next trick, Law 67 applies.

LAW 59 - INABILITY TO LEAD OR PLAY AS REQUIRED

¹⁸ as by a gesture or nod

A player may play any otherwise legal card when unable to lead or play as required to comply with a rectification, whether due to holding no card of the required suit, or only cards of a suit whose lead is prohibited, or obligation to follow suit.

LAW 60 - PLAY AFTER AN ILLEGAL PLAY

A. Play of Card after Irregularity

1. A play by a member of the non-offending side after RHO has led or played out of turn or prematurely, and before rectification has been assessed, forfeits the right to rectification of that offence.
2. Once the right to rectification has been forfeited, the illegal play is treated as though it were in turn (except when Law 53B applies).
3. If the offending side has a previous obligation to play a penalty card, or to comply with a lead or play restriction, the obligation remains at future turns.

B. Defender Plays before Required Lead by Declarer

When a defender plays a card after declarer has been required to retract a lead out of turn from either hand, but before declarer has led from the correct hand, the defender's card becomes a major penalty card (Law 50).

C. Play by Offending Side before Assessment of Rectification

A play by a member of the offending side before rectification has been assessed does not affect the rights of the opponents, and may itself be subject to rectification.

LAW 61 - FAILURE TO FOLLOW SUIT - INQUIRIES CONCERNING A REVOKE

A. Definition of Revoke

Failure to follow suit in accordance with Law 44 or failure to lead or play, when able, a card or suit required by law or specified by an opponent when exercising an option in rectification of an irregularity, constitutes a revoke. (When unable to comply see Law 59.)

B. Right to Inquire about a Possible Revoke

1. Declarer may ask a defender who has failed to follow suit whether their hand has a card of the suit led.
2. (a) Dummy may ask declarer [but see Law 43B2(b)].
(b) Dummy may not ask a defender and Law 16B may apply.
3. Defenders may ask declarer and one another (at the risk of creating unauthorized information).

C. Right to Inspect Tricks

A claim of a revoke does not automatically warrant inspection of quitted tricks (see Law 66C).

LAW 62 - CORRECTION OF A REVOKE

A. Revoke Must Be Corrected

A player must correct a revoke if attention is drawn to the irregularity before it becomes established.

B. Correcting a Revoke

To correct a revoke the offender withdraws the card played and substitutes a legal card.

1. A card so withdrawn becomes a major penalty card (Law 50) if it was played from a defender's unfaced hand.

2. The card may be replaced without further rectification if it was played from declarer's [subject to Law 43B2(b)] or dummy's hand, or if it was a defender's faced card.

C. Subsequent Cards Played

1. Each member of the non-offending side may withdraw and return to hand any card played after the revoke but before attention was drawn to it (see Law 16C).
2. After a non-offender so withdraws a card, the player of the offending side next in rotation may withdraw their played card, which becomes a penalty card if the player is a defender (see Law 16C).
3. If both sides revoke on the same trick and only one side has played to the subsequent trick, then both revokes must be corrected (see Law 16C2). Every card withdrawn by the defending side becomes a penalty card.

D. Revoke on Trick Twelve

1. On the twelfth trick, a revoke, even if established, must be corrected if discovered before all four hands have been returned to the board.
2. If a defender revokes on the twelfth trick before partner's turn to play to the trick, Law 16C applies.

LAW 63 - ESTABLISHMENT OF A REVOKE

A. Revoke Becomes Established

A revoke becomes established:

1. when the offender or partner leads or plays to the following trick (any such play, legal or illegal, establishes the revoke).
2. when the offender or partner names or otherwise designates a card to be played to the following trick.
3. when a member of the offending side makes a claim or concession of tricks orally or by facing their hand or in any other way.
4. when agreement is established (as per Law 69A) to an opponent's claim or concession; the offending side having raised no objection to it before the end of the round, or before making a call on a subsequent board.

B. Revoke May Not Be Corrected

Once a revoke is established, it may no longer be corrected (except as provided in Law 62D for a revoke on the twelfth trick or as in Law 62C3), and the trick on which the revoke occurred stands as played.

LAW 64 - PROCEDURE AFTER ESTABLISHMENT OF A REVOKE

A. Automatic Trick Adjustment

When a revoke is established:

1. and the trick on which the revoke occurred was won by the offending player¹⁹, at the end of the play the trick on which the revoke occurred is transferred to the non-offending side together with one of any subsequent tricks won by the offending side.

¹⁹ A trick won in dummy is not won by declarer for the purposes of this Law.

2. and the trick on which the revoke occurred was not won by the offending player¹⁹ then, if the offending side won that or any subsequent trick, after play ends one trick is transferred to the non-offending side.

B. No Automatic Trick Adjustment

There is no automatic trick adjustment following an established revoke (but see Law 64C) if:

1. the offending side did not win either the revoke trick or any subsequent trick.
2. it is a subsequent revoke in the same suit by the same player, the first revoke having been established.
3. the revoke was made in failing to play a penalty card or any card belonging to dummy.
4. attention was first drawn to the revoke after a member of the non-offending side has made a call on the subsequent deal.
5. attention was first drawn to the revoke after the round has ended.
6. it is a revoke on the twelfth trick.
7. both sides have revoked on the same board and both revokes have become established.
8. the revoke has been corrected as per Law 62C3.

C. Redress of Damage

1. When, after any established revoke, including those not subject to trick adjustment, the Director deems that the non-offending side is insufficiently compensated by this Law for the damage caused, an adjusted score shall be assigned.
2. (a) After repeated revokes by the same player in the same suit (see B2 above), the Director adjusts the score if the non-offending side would likely have made more tricks had one or more of the subsequent revokes not occurred.

(b) When both sides have revoked on the same board (see B7 above) and the Director deems that a contestant has been damaged, an adjusted score based on the likely result had no revokes occurred shall be awarded.

LAW 65 - ARRANGEMENT OF TRICKS

A. Completed Trick

When four cards have been played to a trick, each player turns their own card face down near on the table.

B. Keeping Track of the Ownership of Tricks

1. If the player's side has won the trick, the card is pointed lengthwise toward partner.
2. If the opponents have won the trick, the card is pointed lengthwise toward the opponents.
3. A player may draw attention to a card pointed incorrectly, but this right expires when that side leads or plays to the following trick. If done later Law 16B may apply.

C. Orderliness

Each player arranges their own cards in an orderly overlapping row in the sequence played, so as to permit review of the play after its completion, if necessary to determine the number of tricks won by each side or the order in which the cards were played.

D. Agreement on Results of Play

A player should not disturb the order of played cards until agreement has been reached on the number of tricks won. A player who fails to comply with the provisions of this Law jeopardizes the right to claim ownership of doubtful tricks or to claim (or deny) a revoke.

LAW 66 - INSPECTION OF TRICKS

A. Current Trick

So long as that side has not led or played to the next trick, declarer or either defender may, until their card has been turned face down on the table, require that all cards just played to the trick be faced.

B. Own Last Card

Until that side has led or played to the next trick, declarer or either defender may inspect, but not expose, their own last card played.

C. Quitted Tricks

Thereafter, until play ceases, the cards of quitted tricks may not be inspected (except at the Director's specific instruction; for example, if necessary to verify a claim of a revoke).

D. After the Conclusion of Play

After play ceases, the played and unplayed cards may be inspected to settle a claim of a revoke, or of the number of tricks won or lost; but no player should handle cards other than their own. If the Director can no longer ascertain the facts after such a claim has been made, and only one side has mixed its cards, the Director shall rule in favour of the other side.

LAW 67 - DEFECTIVE TRICK

A. Before Both Sides Play to Next Trick

When a player has omitted to play to a trick, or has played too many cards to a trick, the error must be rectified if attention is drawn to the irregularity before a player on each side has played to the following trick.

1. To rectify omission to play to a trick, the offender supplies a legal card.
2. To rectify the play of too many cards to a trick, Law 45E (Fifth Card Played to a Trick) or Law 58B (Simultaneous Cards from One Hand) shall be applied.

B. After Both Sides Play to Next Trick

When the Director determines that there has been a defective trick (from the fact that one player has too few or too many cards in their hand, and a correspondingly incorrect number of played cards); both sides having played to the next trick, the procedure is as follows:

1. When the offender has failed to play a card to the defective trick, the Director shall require the player to forthwith expose a card face-up on the table and then place it appropriately among their played cards (this card does not affect ownership of the trick);
 - (a) an offender who has a card of the suit led to the defective trick must choose such a card to place among the played cards. The offender is deemed to have revoked on the defective trick and is subject to the loss of one trick transferred in accordance with Law 64A2.
 - (b) an offender who has no card of the suit led to the defective trick chooses any card to place among the played cards. The offender is deemed to have revoked on the defective trick and is subject to the loss of one trick transferred in accordance with Law 64A2.
2. (a) When the offender has played more than one card to the defective trick, the Director inspects the played cards and requires the offender to restore to their hand all extra

cards²⁰, leaving among the played cards the one faced in playing to the defective trick (if the Director is unable to determine which card was faced, the offender leaves the highest ranking of the cards that could have been legally played to the trick). Ownership of the defective trick does not change.

- (b) A restored card is deemed to have belonged continuously to the offender's hand, and a failure to have played it to an earlier trick may constitute a revoke.
3. When the Director determines that the offender did play a card to the trick, but that card was not placed among the quitted tricks, the Director finds the card and places it correctly among the offender's played cards. The Director shall award an adjusted score if the same card was played to a subsequent trick and it is too late to correct the illegal play.

LAW 68 - CLAIM OR CONCESSION OF TRICKS

For a statement or action to constitute a claim or concession of tricks under these Laws, it must refer to tricks other than one currently in progress. If the statement or action pertains only to the winning or losing of an uncompleted trick currently in progress, play proceeds regularly; cards exposed or revealed by a defender do not become penalty cards, but Laws 16 and 57A may apply.

A. Claim Defined

Any statement by declarer or a defender to the effect that a side will win a specific number of tricks is a claim of those tricks. A player also claims with a suggestion that play be curtailed, or by showing their cards (unless there was demonstrably not an intention to claim - for example, if declarer faces their cards after an opening lead out of turn Law 54, not this Law, will apply).

B. Concession Defined

1. Any statement by declarer or a defender to the effect that a side will lose a specific number of tricks is a concession of those tricks; a claim of some number of tricks is a concession of the remainder, if any. A player who abandons their hand concedes all the remaining tricks.
2. Regardless of B1, if a defender attempts to concede one or more tricks and partner immediately objects; neither a concession nor a claim has occurred. Unauthorized information may exist, so the Director should be summoned immediately. Play continues. Any card that has been exposed by a defender in these circumstances is not a penalty card but Law 16C applies to information arising from its exposure and the information may not be used by the partner of the defender who has exposed it.

C. Clarification Required

A claim should be accompanied at once by a clear statement of the line of play or defence through which the claimer proposes to win the tricks claimed, including the order in which the cards will be played. The player making the claim or concession faces their hand.

D. Suspension of Play

After any claim or concession, play is suspended.

1. If the claim or concession is agreed, Law 69 applies.
2. If it is doubted by any player (dummy included); either
 - (a) the Director may immediately be summoned and no action should be taken pending the arrival, Law 70 applies; or

²⁰ The Director should avoid, when possible, exposing a defender's played cards, but if an extra card to be restored to a defender's hand has been exposed, it becomes a penalty card (see Law 50).

- (b) upon the request of the non-claiming or non-conceding side, play may continue subject to the following:
 - (i) all four players must concur; otherwise the Director is summoned, who then proceeds as in (a) above.
 - (ii) the prior claim or concession is void and not subject to adjudication. Laws 16 and 50 do not apply, and the score subsequently obtained shall stand.

LAW 69 - AGREED CLAIM OR CONCESSION

A. Establishment of Agreement

Agreement is established when a side assents to an opponent's claim or concession, and raises no objection to it before making a call on a subsequent board or before the round ends, whichever occurs first. The board is scored as though the tricks claimed or conceded had been won or lost in play.

B. Withdrawal of Established Agreement

Agreement with a claim or concession (see A) may be withdrawn within the Correction Period established under Law 79C:

1. if a player agreed to the loss of a trick that side had, in fact, won; or
2. if a player has agreed to the loss of a trick that side would likely have won had the play continued.

The board is rescored with such trick awarded to that side.

LAW 70 - CONTESTED CLAIM OR CONCESSION

A. General Objective

In ruling on a contested claim or concession, the Director adjudicates the result of the board as equitably as possible to both sides, but any doubtful point as to a claim shall be resolved against the claimer. The Director proceeds as follows.

B. Clarification Statement Repeated

1. The Director requires claimer to repeat the clarification statement made at the time of the claim.
2. Next, the Director hears the opponents' objections to the claim (but the Director's considerations are not limited only to the opponents' objections).
3. The Director may require players to put their remaining cards face up on the table.

C. There Is an Outstanding Trump

When a trump remains in one of the opponents' hands, the Director shall award a trick or tricks to the opponents if:

1. claimer made no statement about that trump, and
2. it is at all likely that claimer at the time of the claim was unaware that a trump remained in an opponent's hand, and
3. a trick could be lost to that trump by any normal²¹ play.

D. Director's Considerations

²¹ For the purposes of Laws 70 and 71, "normal" includes play that would be careless or inferior for the class of player involved.

1. The Director shall not accept from claimer any successful line of play not embraced in the original clarification statement if there is an alternative normal²¹ line of play that would be less successful.
2. The Director does not accept any part of a defender's claim that depends on partner selecting a particular play from among alternative normal²¹ plays.

E. Unstated Line of Play

1. The Director shall not accept from claimer any unstated line of play the success of which depends upon finding one opponent rather than the other with a particular card, unless an opponent failed to follow to the suit of that card before the claim was made, or would subsequently fail to follow to that suit on any normal²¹ line of play.
2. The Regulating Authority may specify an order (e.g. "from the top down") in which the Director shall deem a suit played if this was not clarified in the statement of claim (but always subject to any other requirement of this Law).

LAW 71 - CONCESSION CANCELLED

A concession must stand, once made, except that within the Correction Period established under Law 79C the Director shall cancel a concession:

- A. if a player conceded a trick the side had, in fact, won; or
- B. if a player has conceded a trick that could not be lost by any normal²² play of the remaining cards.

The board is rescored with such trick awarded to that side.

LAW 72 - GENERAL PRINCIPLES

A. Observance of Laws

Duplicate bridge tournaments should be played in strict accordance with the Laws. The chief object is to obtain a higher score than other contestants whilst complying with the lawful procedures and ethical standards set out in these laws.

B. Infraction of Law

1. A player must not infringe a law intentionally, even when willing to accept a prescribed rectification.
2. In general there is no obligation to draw attention to an infraction of law committed by one's own side (but see Law 20F for a mistaken explanation and see Laws 62A and 79A2).
3. A player may not attempt to conceal an infraction, as by committing a second revoke, concealing a card involved in a revoke or mixing the cards prematurely.

C. Awareness of Potential Damage

If the Director determines that an offender could have been aware at the time of their irregularity that it could well damage the non-offending side, the auction and play is required to continue (if not completed). At the conclusion of play an adjusted score is awarded if the Director considers the offending side has gained an advantage through the irregularity.

²² For the purposes of Laws 70 and 71, "normal" includes play that would be careless or inferior for the class of player involved.

LAW 73 – COMMUNICATION, BEHAVIOUR, TEMPO AND DECEPTION

A. Proper Forms of Communication between Partners

1. Communication between partners during the auction and play shall be effected only by means of calls and plays, except as specifically authorized by these laws.
2. Calls and plays shall be made without emphasis, mannerism or inflection, and without intentional haste or hesitation (but see Law 73D3).

B. Prohibited Forms of Communication between Partners

Players must not communicate, nor attempt to communicate, via means other than those described in Law 73A.

C. Incidental Unauthorized Information from Partner

1. When a player has available incidental unauthorized information from partner, such as from a remark, question, explanation, gesture, mannerism, inflection, haste or hesitation, or an unexpected alert or failure to alert, that player must carefully avoid taking advantage of it [see Law 16B1(a)].
2. A penalty may be assessed against a player who violates C1, but if the opponents have been damaged, see also Law 16B3.

D. Variations in Tempo or Manner

1. It is desirable for players to maintain steady tempo and unvarying manner. Players should be particularly careful when variations may work to the benefit of their side. Otherwise, unintentionally to vary the tempo or manner in which a call or play is made is not an infraction. Inferences from such variations are authorized only to the opponents, who may act upon the information at their own risk.
2. A player may not attempt to mislead an opponent by means of a question, remark or gesture; by the haste or hesitancy of a call or play (for example hesitating before playing a singleton); by the manner in which a call or play is made; or by any purposeful deviation from correct procedure (see also Law 73E2).
3. Regulating Authorities may require mandatory pauses, such as on the first round of the auction, or after a skip-bid warning, or on the first trick.

E. Deception

1. A player may appropriately attempt to deceive an opponent through a call or play (so long as the deception is not emphasized by mannerism, unwonted haste or hesitancy, nor protected by concealed partnership understanding or experience).
2. If the Director determines that an innocent player has drawn a false inference from a question, remark, manner, tempo or the like, of an opponent who has no demonstrable bridge reason for the action, and who could have been aware, at the time of the action, that it could work to benefit that opponent, the Director shall award an adjusted score.

LAW 74 - CONDUCT AND ETIQUETTE

A. Proper Attitude

1. A player should maintain a courteous attitude at all times.
2. A player should carefully avoid any remark or extraneous action that might cause annoyance or embarrassment to another player or might interfere with the enjoyment of the game.
3. Every player should follow uniform and correct procedure in calling and playing.

B. Etiquette

As a matter of courtesy a player should refrain from:

1. paying insufficient attention to the game.
2. making gratuitous comments during the auction and play.
3. detaching a card before one's turn to play.
4. prolonging play unnecessarily (as in playing on despite being certain to take all the tricks) for the purpose of disconcerting an opponent.
5. summoning and addressing the Director in a manner discourteous to the Director or to other contestants.

C. Violations of Procedure

The following are examples of violations of procedure:

1. using different designations for the same call.
2. indicating approval or disapproval of a call or play.
3. indicating the expectation or intention of winning or losing a trick that has not been completed.
4. commenting or acting during the auction or play so as to call attention to a significant occurrence, or to the number of tricks still required for success.
5. looking intently at any other player during the auction and play, or at another player's hand as for the purpose of seeing their cards or of observing the place from which a player draws a card (but it is appropriate to act on information acquired by unintentionally seeing an opponent's card²³).
6. showing an obvious lack of further interest in a deal (as by folding one's cards).
7. varying the normal tempo of bidding or play for the purpose of disconcerting an opponent.
8. leaving the table needlessly before the round is called.

LAW 75 - MISTAKEN EXPLANATION OR MISTAKEN CALL

After a misleading explanation has been given to opponents the responsibilities of the players (and the Director) are as follows:

A. Mistake Causing Unauthorized Information

Irrespective of whether or not an explanation is a correct statement of partnership agreement, a player, having heard partner's explanation, knows that their own call has been misinterpreted. This knowledge is unauthorized information (see Law 16A) and the player must carefully avoid taking any advantage from it (see Law 73C); otherwise the Director shall award an adjusted score.

B. Mistaken Explanation

1. When the partnership agreement is different from the explanation given, the explanation is an infraction of Law. When this infraction results in damage to the non-offending side, the Director shall award an adjusted score.
2. A player who becomes aware of their own mistake, must summon the Director before the opening lead is faced (or during the play, if discovered later), and then provide a correction

²³ See Law 73D2 when a player may have shown their cards intentionally.

explanation. The player is also permitted to call the Director before the auction ends, but is under no obligation to do so (see Law 20F4).

3. The player's partner must do nothing to correct the mistaken explanation while the auction continues and must call the Director and correct the explanation only after play ends if partner becomes a defender. The partner of the player must call the Director after the final pass and then provide a correction if partner is to be declarer or dummy.

C. Mistaken Call

When the partnership agreement has been explained correctly, the mistake being the call made and not the explanation, there is no infraction. The explanation must not be corrected (nor must the Director be notified) immediately and there is no obligation to do so subsequently. Regardless of damage, the result stands [but see Law 21B1(b)].

D. Director's Determination

1. Players are expected to disclose their partnership agreements accurately (see Law 20F1); failure to do so constitutes Misinformation.
2. It is a condition of any partnership agreement that both players possess the same mutual understanding, and it is an infraction to describe an agreement where the same mutual understanding does not exist. If the Director determines that the misleading explanation was not based upon a partnership agreement, Law 21B is applied.
3. When there is an infraction (as per B1 or D2) and sufficient evidence exists as to the agreed meaning of the call, the Director awards an adjusted score based upon the likely outcome had the opponents received the correct explanation in a timely manner. If the Director determines that the call has no agreed meaning, an adjusted score is awarded based upon the likely outcome had the opponents been so informed.

LAW 76 - SPECTATORS

A. Control

1. Spectators in the playing area²⁴ are subject to the control of the Director under the regulations for the tournament.
2. Regulating Authorities and Tournament Organizers who grant facilities for electronic transmission of play as it occurs may establish by regulation the terms by which such transmissions are viewed and prescribe acceptable conduct for viewers. (A viewer must not communicate with a player in the course of a session in which the latter is playing.)

B. At the Table

1. A spectator may not look at the hand of more than one player unless allowed by regulation.
2. A spectator must not show any reaction to the bidding or play when a deal is in progress.
3. During a round a spectator must refrain from mannerisms or remarks of any kind and must have no conversation with a player.
4. A spectator must not disturb a player.
5. A spectator at the table shall not draw attention to any aspect of the game.

C. Participation

²⁴ The playing area includes all parts of the accommodation where a player may be present during a session while participating. It may be further defined by regulation.

1. A spectator may speak as to fact or law within the playing area²⁴ only when requested to do so by the Director.
2. Regulating Authorities and Tournament Organizers may specify how to deal with irregularities caused by spectators.

D. Status

Any person in the playing area²⁴, other than a player or a tournament official, has the status of a spectator unless the Director specifies differently.

LAW 78 - METHODS OF SCORING AND CONDITIONS OF CONTEST

A. Matchpoint Scoring

In matchpoint scoring each contestant is awarded, for scores made by different contestants who have played the same board and whose scores are compared with the contestant's own, two scoring units (matchpoints or half matchpoints) for each score that is inferior, one scoring unit for each score that is equal, and zero scoring units for each score that is superior.

B. International Matchpoint Scoring

In international matchpoint scoring, on each board the total point difference between the two scores compared is converted into IMPs according to the following scale.

Difference in points	IMPs	Difference in points	IMPs	Difference in points	IMPs
0–10	0	370–420	9	1500–1740	17
20–40	1	430–490	10	1750–1990	18

270–310	7	1300–1490	16	4000+	24
320–360	8				

C. Total Point Scoring

In total point scoring, the net total point score of all boards played is the score for each contestant.

D. Conditions of Contest

If approved by the Regulating Authority other scoring methods (for example conversions to Victory Points) may be adopted. The Tournament Organizer should publish Conditions of Contest in advance of a tournament or contest. These should detail conditions of entry, methods of scoring, determination of winners, breaking of ties, and the like. The Conditions must not conflict with law or regulation and shall incorporate any information specified by the Regulating Authority. They should be available to contestants.

LAW 79 - TRICKS WON

A. Agreement on Tricks Won

1. The number of tricks won shall be agreed upon before all four hands have been returned to the board.
2. A player must not knowingly accept either the score for a trick that their side did not win or the concession of a trick that the opponents could not lose.

B. Disagreement on Tricks Won

If a disagreement arises, the Director must be called, then:

1. The Director determines whether there has been a claim or concession and, if so, applies Law 69B or Law 71.
2. If B1 above does not apply, the Director rules what score is to be recorded.
3. If the Director is not called before the round ends, the score may be changed for both sides only when the Director is clearly convinced as to the result obtained at the table. Otherwise the recorded score shall stand, or the score for one side will be decreased without increasing it for the other.

C. Error in Score

1. An error in recording or computing the agreed-upon score, whether made by a player or an official, may be corrected until the expiration of the period(s) specified by the Tournament Organizer. Unless the Tournament Organizer specifies a later²⁵ time, this Correction Period expires 30 minutes after the official score has been made available for inspection.
2. Subject to approval by the Tournament Organizer, a scoring error may be corrected after expiry of the Correction Period if the Director is satisfied beyond reasonable doubt that the record is wrong.

LAW 80 - REGULATION AND ORGANIZATION

A. The Regulating Authority

1. The Regulating Authority under these laws is:
 - (a) for its own world tournaments and events the World Bridge Federation.
 - (b) the respective Zonal Authority for tournaments and events held under its auspices.
 - (c) for any other tournament or event the National Bridge Organization under whose auspices the tournament takes place.

²⁵ An earlier time may be specified when required by the special nature of a contest

2. The Regulating Authority has the responsibilities and powers specified in these laws.
3. The Regulating Authority may delegate its powers (retaining ultimate responsibility for their exercise) or it may assign them (in which case it has no further responsibility for their exercise).

B. Tournament Organizer

1. The Regulating Authority may recognize an entity, designated the 'Tournament Organizer', which subject to the requirements of the Regulating Authority and these laws is responsible for arranging and preparing a tournament or event. The Tournament Organizer's powers and duties may be delegated but the responsibility for their performance is retained. The Regulating Authority and the Tournament Organizer may be the same body.
2. The Tournament Organizer's powers and duties include:
 - (a) appointment of the Director. If there is not one appointed the players should designate a person to perform the Director's functions.
 - (b) to make advance arrangements for the tournament, including playing quarters, equipment and all other logistical requirements.
 - (c) to establish the date and time of each session.
 - (d) to establish the conditions of entry.
 - (e) to establish the conditions for bidding and play in accordance with these laws, together with any special conditions (as, for example, play with screens – provisions for rectification of actions not transmitted across the screen may be varied).
 - (f) to announce regulations supplementary to, but not in conflict with, these Laws.
 - (g)
 - (i) to arrange²⁶ for the appointment of any assistants required for the Director.
 - (ii) to appoint other staff and prescribe their duties and responsibilities.
 - (h) to arrange²⁶ for entries to be accepted and listed.
 - (i) to establish suitable conditions of play and announce them to the contestants.
 - (j) to arrange²⁶ for scores to be collected, results tabulated, and an official record made of them.
 - (k) to make suitable arrangements for the conduct of appeals under Law 93.
 - (l) any other powers and duties conferred in these laws.

LAW 81 - THE DIRECTOR

A. Official Status

The Director is the official representative of the Tournament Organizer.

B. Restrictions and Responsibilities

1. The Director is responsible for the on-site technical management of the tournament and has powers to remedy any omissions of the Tournament Organizer.
2. The Director applies, and is bound by, these Laws and supplementary regulations announced under authority given in these Laws.

²⁶ It is normal in some jurisdictions for the Director to assume responsibility for some or all of the tasks that the Tournament Organizer is here required to arrange.

C. Director's Duties and Powers

The Director (not the players) has the responsibility for rectifying irregularities and redressing damage. The Director's duties and powers normally include also the following:

1. to maintain discipline and to ensure the orderly progress of the game.
2. to administer and interpret these Laws and to advise the players of their rights and responsibilities thereunder.
3. to rectify an error or irregularity after becoming aware by any manner, within the periods established in accordance with Laws 79C and 92B.
4. to assess rectification when applicable and to exercise the powers in Laws 90 and 91.
5. to waive rectification for cause, at their own discretion, upon the request of the non-offending side.
6. to adjust disputes.
7. to refer any matter to an appropriate committee.
8. to report results for the official record if the Tournament Organizer requires it and to deal with any other matters delegated by the Tournament Organizer.

D. Delegation of Duties

The Director may delegate duties to assistants, but is not thereby relieved of responsibility for their correct performance.

LAW 82 - RECTIFICATION OF ERRORS OF PROCEDURE

A. Director's Duty

It is the responsibility of the Director to rectify errors of procedure and to maintain the progress of the game in a manner that is not contrary to these Laws.

B. Rectification of Error

To rectify an error in procedure the Director may:

1. award an adjusted score as permitted by these Laws.
2. require, postpone, or cancel the play of a board.
3. exercise any other power given in these Laws.

C. Director's Error

If a ruling has been given that the Director subsequently determines to be incorrect, and if no rectification will allow the board to be scored normally, an adjusted score shall be awarded, treating both sides as non-offending for that purpose.

LAW 83 - NOTIFICATION OF THE RIGHT TO APPEAL

If the Director believes that a review of a decision on a point of fact or exercise of discretionary power could well be in order, a contestant shall be advised of the right to appeal or the matter may be referred to an appropriate committee.

LAW 84 - RULINGS ON AGREED FACTS

A Director called to rule on a point of law or regulation, and the facts are agreed, will rule as follows:

A. No Rectification

If no rectification is prescribed by law, and there is no occasion to exercise discretionary powers, the Director directs the players to proceed with the auction or play.

B. Law Provides Rectification

If the case is clearly covered by a Law that prescribes the rectification for the irregularity, that rectification will be determined and implemented by the Director.

C. Player's Option

If a Law gives a player a choice of rectification the Director explains the options and sees that the choice is made and implemented.

D. Director's Option

Any doubtful point shall be ruled in favour of the non-offending side by the Director who seeks to restore equity. If the Director judges it is probable that a non-offending side has been damaged by an irregularity for which these laws provide no rectification the score will be adjusted (see Law 12).

LAW 85 - RULINGS ON DISPUTED FACTS

A Director called upon to rule on a point of law or regulation in which the facts are not agreed upon, will proceed as follows:

A. Director's Assessment

1. In determining the facts the Director shall use the balance of probabilities as a base, which is to say in accordance with the weight of the evidence able to be collected.
2. If the Director is then satisfied of having ascertained the facts, Law 84 applies.

B. Facts Not Determined

A Director unable to determine the facts satisfactorily, makes a ruling that will permit play to continue.

LAW 86 - TEAM PLAY

A. Substitute Board

The Director shall not exercise Law 6 authority to order one board redealt when the final result of a match without that board could be known to a contestant. Instead, awards an adjusted score.

B. Result Obtained at Other Table

1. Single Result Obtained

In team play when the Director awards an adjusted score and the result at the other table between the same contestants is clearly favourable to one side, the Director shall award an assigned adjusted score [see Law 12C1(c), but for multiple adjusted scores see B2 following].

2. Multiple Results Obtained at One or More Tables²⁷

In team play when two or more non-comparable results have been obtained between the same contestants or when these Laws otherwise require the Director to award more than one adjusted score:

²⁷ including results from a fouled board

- (a) If no contestant was at fault, the Director shall cancel the board(s) and award one or more artificial adjusted scores [see Law 12C2] or, if time permits, play one or more substitute boards (but see A above).
 - (b) If only one contestant was at fault, the Director shall award to the non-offending side, for each board in question, either an artificial adjusted score of average plus [see Law 12C2(b)] or an assigned adjusted score, whichever is more favourable. The offending side shall receive the complement of the score awarded to their opponents.
 - (c) If both contestants were at fault, the Director shall cancel the board(s) and award one or more artificial adjusted scores [see Law 12C2].
3. The Regulating Authority may provide differently for circumstances where boards have been played at only one table between the same or multiple contestants. The score awarded for each such board may be varied by regulation from that prescribed in B2, however in the absence of a relevant regulation, the Director proceeds as above.

LAW 87 - FOULED BOARD

A. Definition

A board is considered to be fouled if the Director determines that a card (or more than one) was displaced in the board, or determines the dealer or vulnerability differed between copies of the same board, and the contestants who should have had a score comparison did not play the board in identical form for such reason.

B. Pairs and Individual Scoring

In scoring a fouled board the Director determines as closely as possible which scores were obtained on the board in its correct form and which in the changed form(s). The scores are divided on that basis into groups and rates each group separately as provided in the regulations for the tournament. (In the absence of a relevant regulation the Director selects and announces the method.)

C. Teams Scoring

See Law 86B2.

LAW 88 - AWARD OF INDEMNITY POINTS

See Law 12C2.

LAW 89 – PROHIBITED BEHAVIOUR AND REPREHENSIBLE CONDUCT

A. It is an offence to:

1. Seek to obtain via illicit means information about the board currently in play; or about boards designated for later play.
2. Use illicit information about the board currently in play; or about boards designated for later play.
3. Convey, or attempt to convey, via prohibited means information to partner about a board currently in play.
4. Convey, or attempt to convey, to other players information about boards designated for later play.

B. A player who violates A above shall be subject to the sanctions relating to reprehensible conduct, as specified by the relevant disciplinary code.*

- C. Statistical or probabilistic analysis may be used to establish or support a charge that a contestant has utilized prohibited methods of communication.
- D. Any of the following may be considered grounds for a determination of wrongdoing; irrespective of the actual outcome on the boards in question or the subsequent actions (or lack thereof) by partner:
 1. The existence of a statistically significant correlation between a player's manner or behaviour and the cards held by that player.
 2. The existence of a statistically significant correlation between a player's anomalous choice of action and the cards held by either their partner or an opponent.
 3. The possession of information illicitly obtained that relates to unplayed boards or unpublished results.

*A Regulating Authority may also consider evidence arising from events played outside of its jurisdiction, including disciplinary actions taken by another Regulating Authority.

LAW 90 - PROCEDURAL PENALTIES

A. Director's Authority

The Director, in addition to implementing the rectifications in these Laws, may also assess procedural penalties for any offence that unduly delays or obstructs the game, inconveniences other contestants, violates correct procedure, or requires the award of an adjusted score.

B. Offences Subject to Procedural Penalty

The following are examples of offences subject to procedural penalty (but the offences are not limited to these):

1. arrival of a contestant after the specified starting time.
2. unduly slow play by a contestant.
3. discussion of the bidding, play or result of a board, which may be overheard at another table.
4. unauthorized comparison of scores with another contestant.
5. touching or handling of cards belonging to another player (see Law 7).
6. placing one or more cards in an incorrect pocket of the board.
7. errors in procedure (such as failure to count cards in one's hand, playing the wrong board, etc.) that require an adjusted score for any contestant.
8. failure to comply promptly with tournament regulations or with instructions of the Director.

LAW 91 - PENALIZE OR SUSPEND

A. Director's Powers

In the line of duty to maintain order and discipline, the Director is empowered to assess disciplinary penalties in points or to suspend a player or contestant for the current session or any part thereof. The Director's decision under this clause is final (see Law 93B3).

B. Right to Disqualify

The Director is empowered to disqualify a player or contestant for cause, subject to approval by the Tournament Organizer.

LAW 92 - RIGHT TO APPEAL

A. Contestant's Right

A contestant or the team's captain may appeal for a review of any ruling made at that table by the Director. Any such request, if deemed to lack merit, may be the subject of a sanction imposed by regulation.

B. Time of Appeal

The right to request or appeal a Director's ruling expires 30 minutes after the official score has been made available for inspection unless the Tournament Organizer has specified a different time period.

C. How to Appeal

All requests for a review of a ruling shall be made through the Director.

D. Concurrence of Appellants

An appeal shall not be heard unless:

1. in a pairs event both members of the partnership concur in making the appeal (but in an individual contest an appellant does not require partner's concurrence).
2. in a team event the team captain concurs in making the appeal.

LAW 93 - PROCEDURES OF APPEAL

A. No Appeals Committee

The Director in charge shall hear and rule upon all appeals if there is no Appeals Committee [or if no alternative arrangement has been made under Law 80B2(k)], or if such cannot operate without disturbing the orderly progress of the tournament.

B. Appeals Committee Available

If a committee (or authorized alternative) is available:

1. The Director in charge shall hear and rule upon such part of the appeal as deals solely with the Law or regulations. This ruling may be appealed to the committee.
2. The Director in charge shall refer all other appeals for adjudication.
3. In adjudicating appeals, the committee (or the authorized alternative) may exercise all powers assigned by these Laws to the Director, except that it may not overrule the Director in charge on a point of law or regulations, or on exercise of Law 91 disciplinary powers. (It may recommend that the Director in charge change such a ruling.)

C. Further Possibilities of Appeal

1. Regulating Authorities may establish procedures for further appeals after the foregoing procedures have been exhausted. Any such further appeal, if deemed to lack merit, may be the subject of a sanction imposed by regulation.
2. The Director in charge or the reviewing body may refer a matter for later consideration by the Regulating Authority. The Regulating Authority has authority to resolve any matter finally.
3. (a) Notwithstanding 1 and 2 above, where deeming it crucial to the progress of the tournament, the Regulating Authority may assign to a specified tournament body the responsibility for dealing finally with any appeal and, along with the parties to the appeal, is then bound by the outcome.

- (b) With due notice given to the contestants a Regulating Authority may authorize the omission or modification of such stages as it wishes of the appeals process set out in these Laws.²⁸

²⁸ The Regulating Authority is responsible for compliance with any national law that may affect its action.
